

Bylaws and Rules of The International Cotton Association Limited

This Rule Book was amended by our Members on 11th October 2023, the amendments came into force on 1st January 2024. The Bylaws and Rules in this book supersede all previous Bylaws and Rules, with the following exception: any Rule in Section 2 which conflicts with any contract term agreed before the Book came into force.

Preface to Rule Book

We highlight some of the key principles of ICA Bylaws and Rules. The following ideas underpin all that is contained in the cotton trading rules. We strongly urge you to read the complete Bylaws and Rules which always take precedence in determining the outcome of any dispute.

- ICA arbitration is an impartial means of resolving contractual disputes. It is based on the concept of 'No Fault' dispute resolution. The purpose is not to apportion blame or to find fault, but rather to restore both parties to the position that they would have been in, to the extent that is possible, had the contract been fully executed.
- These Bylaws and Rules stipulate that if the contract has not been or will not be performed for any reason, it will not be cancelled, but the contract shall be invoiced back in accordance with the Rules in place at the date of the contract at market difference, unless otherwise agreed.
- Contract sanctity is at the centre of the ICA Bylaws and Rules. This means that, in the event of dispute between parties, the starting point for resolving their differences will be the terms of the contract agreed between them.
- Based on English Law, a contract is a legally binding agreement between two or more parties that defines and governs their rights and duties. Ideally the agreement will be contained in a formal contract, but it need not be written down. A contract can be evidenced from a verbal agreement, or correspondence between the parties in any form. Transparency and clarity of intent should be hallmarks of a cotton contract.
- In order that ICA arbitration may apply, the contract must include a clause that makes clear that parties will refer disputes to the ICA under these Bylaws and Rules.
- This volume has two components. ICA **Bylaws** are the mandatory provisions of the trading framework. They may not be changed or varied by the parties. The **Rules** contain terms which may be superseded within the contract by agreement of the parties.

This preface does not form part of the Bylaws and Rules of the International Cotton Association. It is intended to describe the purpose and principles on which both the trading rules, and dispute resolution, are based.

The Contract

The application of Bylaws and Rules

Bylaw 200

Every contract made under our Bylaws and Rules will be deemed to be a contract made in England and governed by English law.

Bylaw 201

- 1 Subject to Bylaws 302 and 330 the following clauses will apply to every contract made under our Bylaws and Rules, or containing words to similar effect:
 - a The contract will incorporate the Bylaws and Rules of the International Cotton Association Limited as they were when the contract was agreed. This is with the exception of those Bylaws in Section 3 covering arbitration timescales, notices, fees and other procedures. In such cases, the procedures to be used for arbitration or appeal will be those in force at the time of making the application.
 - b If any contract has not been, or will not be performed, it will not be treated as cancelled. It will be closed by being invoiced back to the seller under our Rules in force at the date of the contract.
 - c All disputes relating to the contract will be resolved through arbitration in accordance with the Bylaws of the International Cotton Association Limited. This agreement incorporates the Bylaws which set out the Association's arbitration procedure.
 - d Neither party will take legal action over a dispute suitable for arbitration, other than to obtain security for any claim, unless they have first obtained an arbitration award from the International Cotton Association Limited and exhausted all means of appeal allowed by the Association's Bylaws.

The words 'all disputes' can be changed to read 'quality disputes' or 'technical disputes'. But if nothing else is agreed, the words 'all disputes' will apply.

- 2 Attention is drawn to Bylaws 302 and 330 which allow the Directors to deny arbitration.
- 3 This Bylaw will apply even if the contract is held to be invalid or ineffective or was not concluded.

Unless the buyer and seller agree otherwise, the provisions of the following will not apply to contracts made under our Bylaws and Rules:

- 3 Price fixations may be achieved by either trading futures, or via calendar spread trades, option strategies or synthetically through options.

RULES

Rules are the non-mandatory provisions of the Association and can be varied by the mutual agreement of the parties.

Shipment and the Bill of Lading

Rule 200

A signed bill of lading will be evidence of the date of shipment.

Rule 201

- 1 The seller must provide an invoice or full and correct details of marks, ships' names and other facts contained in the bill of lading within the time set out in the contract. If the seller does not do so, the buyer can close all or part of the contract covered in the bill of lading and invoice it back to the seller as laid down in our Rules. The buyer must do this within 14 days (two weeks) of the deadline set out in the contract. If the seller provides the invoice or details after the deadline, and the buyer intends to close the contract or any part of it, they must let the seller know within three days.
- 2 If there is no time limit set in the contract and the seller does not provide the invoice or details within 21 days (three weeks) of the date of the bill of lading, the above will apply.
- 3 Shipping Instructions and Letters of Credit must be issued for the full value of the quantity of the shipment, notwithstanding the allowed variation in weight of the shipment. (Please see Rule 220).
- 4 In the event that Letters of Credit are opened late, or Shipments have not been made as stipulated in the contract, then both parties may agree to extend the shipment period. If the parties cannot agree to extend the shipment period, then Rule 237 and Rule 238 apply.
- 5 Slight differences in marks will not be relevant.

Rule 202

If the buyer can prove that the details set out in the bill of lading are incorrect or do not meet the terms of the contract, they can take the matter to arbitration. The arbitrators will decide whether the buyer should accept the cotton with an allowance or have a chance to close out the contract. For shipments over land, the buyer must apply for arbitration within 42 days (six weeks) of receiving the details. For shipments by sea, he must apply within 28 days (four weeks) of receiving the details.

Rule 203

The contract will not be closed if the cotton, or part of it, is shut out from the named ship, as long as the bill of lading is correct and fits the definition given in Bylaw 100. This only applies to contracts for shipment, not to contracts for sailing or clearance.

Rule 204

If there is a dispute over a contract for the shipment of American cotton in containers from US ports it will be settled under the 'Container Trade Rules' set out in Appendix B of our Rule Book.

Insurance

Rule 205

When a buyer or seller takes out insurance on a shipment of cotton under a contract made under our Bylaws and Rules, the insurance must include:

The parties must try to agree on an allowance. If they cannot do so, a Lloyd's Agent, or a qualified surveyor or controller recognised by the insurance company shall be appointed to inspect the damaged cotton. The cost of the survey shall be for buyer's account in the first instance. If the survey confirms country damage, the seller's insurance shall be called upon to pay:

- a the buyer, for the market value of country damaged cotton removed from the bales as set out in the surveyor's report, plus any reasonable charges incurred in the separation of the country damaged cotton; and
- b the cost of the survey

If the loss is not covered by seller's insurance the seller must pay.

- 3 If a charge is made for collecting the insurance claim and the buyer pays it, the seller must refund the buyer.

Rule 208

The following conditions apply to contracts where the buyer is responsible for providing marine cargo insurance or transit insurance, and the seller is responsible for providing country damage insurance:

- a the buyer, for the market value of any country damaged cotton removed from the bales as set out in the surveyor's report, plus any reasonable charges incurred in the separation of the country damaged cotton; and
 - b the cost of the survey if the loss is not covered by seller's insurance the seller must pay.
- 3 If a charge is made for collecting the insurance claim and the buyer pays it, the seller must refund the buyer.

 - c the seller books the freight on a different ship from the one the buyer has asked for; and

Invoicing and payment

Rule 210

When the shipment arrives, the payment must be made on arrival or within 49 days (seven weeks) of the date on the bill of lading or shipping documents, whichever is earlier.

Upon first presentation of the contracted shipping documents, the payment must be made within five days unless otherwise agreed by the parties :-

- A Where a contract specifies that payment is contingent upon the arrival of the cargo, then payment must be made against presentation of contracted original documents, either upon cargo arrival or no later than 180 days after the loading date, whichever is the earlier.

- B If payment is not contingent upon arrival of the cargo, then payment must be made as per the payment clause within the contract and within five working days of the first presentation of the contracted original documents, unless otherwise agreed by the parties.

Rule 211

1. Claims that are made in accordance with the terms of the contract must be paid within 21 days (three weeks) of the claim date. If the party responsible for the payment does not do so, they will also have to pay interest on the final amount of the claim at a rate agreed by both parties. If the parties cannot agree, the claim amount and interest rate will be fixed by arbitration under our Bylaws.
2. When contracts are made for shipments or deliveries of specified quantities during various shipment/delivery periods, each shipment or delivery should fall within the allowed variation. Each month's shipment or delivery shall form one weight settlement, even if shipped or arriving by more than one conveyance.
3. Compensation for variation in weight will normally be based on the invoice price. But, if the variation is more than the amount allowed for in the contract, the buyer may then demand compensation for the market difference over that amount of variation, based on the market value of the cotton on the date of arrival of the vessel. If the contract does not specify an allowable variation, the variation allowed will be 3%.

Rule 212

Claims for clerical errors in invoices will be accepted if there is evidence to support.

Rule 213

The price of cotton set out in the contract will not include any Value Added Tax due, unless the contract says that it does.

Sales 'on call'

Rule 214

1. On Buyer's call:
 - a. For sales on call based any Intercontinental Exchange ('ICE') Cotton futures contract:
 - i. The final price of cotton sold on call will be fixed based on the ICE Cotton futures contract month specified in the sales contract.
 - ii. The Buyer must communicate to the Seller executable fixation instructions in writing, either directly or through their appointed agent.

Unless agreed otherwise by the parties:

- iii. Cotton shall be fixed no later than 12:00 pm (midday) Eastern Time 3 business days before first notice day for the ICE Cotton futures contract specified in the sales contract.

- iv If for whatever reason, the Buyer fails to fix cotton prior to the fixation deadline, the right and discretion to fix the contract price will pass immediately from the Buyer to the Seller and the final price shall be based on the trade the Seller attains by trading around Trade at Settlement (TAS) at the end of that session for the futures contract stated in the contract and that fixation shall be binding upon both parties.
 - b For a contract fixation deadline not linked to First Notice Day:
 - i If for whatever reason the Buyer fails to fix cotton prior to the fixation deadline established in the contract, the right and discretion to fix the contract price will pass immediately from the Buyer to the Seller and that fixation shall be binding upon both parties.
 - c For sales on call with reference to products other than an 'ICE' Cotton futures contract:
 - i The final price of cotton sold on call will be fixed based on the quotation of the product specified in the sales contract.
 - ii The Buyer must communicate to the Seller executable fixation instructions in writing, either directly or through their appointed agent. The Seller should communicate any filled fixation level and the resultant price to the Buyer as soon as possible after the fill.
- Unless agreed otherwise by the parties:
- iii Cotton must be fixed prior to the expiration of the product specified.
 - iv If cotton has not been fixed prior to the expiration of the product specified then the fixation shall be based on the last published quotation of the product specified, or if no expiration date, then on the date of shipment/delivery.
- 2 On Seller's call, the roles of the Buyer and Seller are reversed.

Bale Tare and Weight

Rule 215

- 1 All cotton must be weighed 'gross weight' on a bale by bale basis unless otherwise agreed. The tare is to be deducted from the gross weight in order to establish the "net weight.
- 2 For net landing weight contracts, the seller must declare the name of their Controller or nominated representative on the invoice. In the absence of any separate written instructions to the Controller or nominated representative, the nomination on the invoice will be considered to constitute a controlling appointment for weighing on arrival of the cotton.

- 3 Except where it is a custom of the trade that the buyer will pay the Controllers travel and sojourn cost, each party is responsible for the costs of their appointed Controller or nominated representative. The party arranging the weighing must advise the other party where and when it will take place, allowing a reasonable time to enable the representative to attend. Weighing to take place within normal Business Hours.

Weights

Rule 216

1 Gross Shipping Weights

- a Gross shipping weights are arranged and paid by the seller. Unless otherwise agreed, the buyer has the option to supervise the weighing prior to expected date of shipment. If the buyer wishes the weighing be supervised, they must notify the seller the name of their Controller or nominated representative for weighing at the time of the contract and/or the issuance of shipping instructions. Weights should be ascertained within 28 days (four weeks) prior to expected shipment. The seller must invoice the buyer according to the weights supervised by the buyer's Controller or nominated representative prior to shipment. If the cotton is sampled by the seller after weighing, a weight allowance must be made for the samples taken.
- b If the buyer fails to nominate a Controller or nominated representative prior to the shipment of the cotton, the seller will invoice the buyer, and the buyer must accept gross shipping weights final with no further claim.
- c If the buyer has notified the seller of the appointment of a Controller or nominated representative, and the seller proceeds to shipment without allowing the buyer's Controller or nominated representative to supervise the ascertaining of the weights, either bale by bale or where agreed, by weighbridge, the buyer may present the seller with a weight claim for gross landed weights supervised by a Member Controller. Any claim must be presented in accordance with the Gross Landed Weights Rule 216.2.

2 Gross Landed Weights

- a All cotton must be weighed by the buyer (for buyer's cost), under the supervision of the seller's Controller or nominated representatives (for seller's cost). Weighing must be performed at the port or place of discharge, or at the final destination of the cotton (buyer's mill, warehouse etc.), or other location as determined by the buyer and seller. In any event weighing must be completed within 28 days (four weeks) of the date of arrival. Bales not weighed within the 28 day time limit shall be declared at average gross invoice weight plus 1.5 percent. If the cotton has already been sampled by the buyer, a weight allowance must be made for the samples taken.

- b If the seller has failed to nominate a Controller or nominated representative prior to the arrival date of the vessel, the buyer may proceed unilaterally to appoint a Controller or nominated representative to proceed with the supervision of weighing of the cotton. The seller must accept the weight report provided by the buyer's appointed Controller or nominated representative and the seller will be responsible for the controlling fees.
- c If the seller has notified the buyer of the appointment of a Controller or nominated representative, then the buyer or their Controller or nominated representative must notify the seller's Controller or nominated representative of the place, date and time of the weighing. If the buyer fails to comply with these conditions, with the result that weighing takes place, either bale by bale or where agreed, by weighbridge, without the seller's Controller or nominated representative being present, the landed weights shall be declared as the net invoice weight plus 1.5 percent.

3 Weighbridge Weights

- a Either party must reply to any request for weighbridge weighing in writing within 72 hours (3 days) of any request. Either party may reject such a request, and weighing must then proceed according to Rule 216.1 and Rule 216.2 above. on a bale by bale basis. However, the absence of any reply to such a request will be taken as consent to accept weighbridge weighing, and the appointed Controller or nominated representative will proceed accordingly.
- b If full/empty or empty/full weighbridge weighing (container or truck) is agreed by the parties, the party arranging the weighing must provide the other party's Controller or nominated representative a copy of the weighbridge calibration certificate unless it is agreed between the parties that the certificate is not required. The certificate must be valid at the time of weighing and issued by an accredited authority. Weighing must be performed at the port or place of discharge, or at the final destination of the cotton (buyer's mill, warehouse etc.), or at the place of receipt stated in the Transport Document, or other location as determined by the buyer and seller. In any event weighing must be completed within 28 days (four weeks) of the date of arrival for landed weight contracts and within 28 days (four weeks) prior to shipment for shipped weight contracts. Bales not weighed within 28 day time limit shall be declared at average gross invoice weight plus 1.5 percent.
- c In any event weighing must be completed within 28 days (four weeks) of the date of arrival for landed weight contracts and within 28 days (four weeks) prior to shipment for shipped weight contracts.
- d For container weighbridge weighing, the net weight must be established by the deduction of the actual container tare following full/empty or empty/full weighing of the container. Weighbridge weighing with a deduction of the declared container tare stated on the outside of the container is not permitted.

4. Extension to time limits

In the event either party requires a time extension they should in the first instance attempt to agree the extension of the time limit with their counterparty. If they are unable to agree amicably, an extension request may be made to the Directors, as provided under Rule 232.

Bales Tare

Rule 217

- 1 Unless the seller declares and guarantees otherwise, all cotton must be sold on actual tare. The buyer can insist that the actual tare be established at the time of delivery during weighing.
- 2 If either party insists that actual tare be established after arrival (for Gross Landed Weight contracts) or prior to shipment (for Gross Shipping Weight contracts), at a time other than when the weights are established, the costs incurred in ascertaining the tare and a tare tolerance must be agreed by the parties in advance.

3 Gross Shipping Weight Contracts

- a The actual tare must be established within 28 days (four weeks) prior to the date of shipment of the cotton and must be carried out by the seller under the supervision of the buyer's Controller or nominated representative. This will then be the measurement of actual tare applied to the weight adjustment to establish the net weight.
- b If the buyer has notified the seller of the appointment of a Controller or nominated representative to establish actual tare, and the seller proceeds to shipment without allowing the buyer's Controller or nominated representative to certify the tare weights, the buyer may present the seller with a weight claim for tare weights certified by their Controller or nominated representative according to Gross Landed Weights. Any claim must be presented in accordance with Rule 216.2.

4 Gross Landed Weight Contracts

- a If the seller has failed to nominate the Controller or nominated representative to establish the actual tare, the buyers may proceed unilaterally to appoint a Controller or nominated representative to establish the actual. The seller must accept the actual tare report provided by the buyer.
- b If the seller has notified the buyer of the appointment of a Controller or nominated representative, then the buyer or their Controller must notify the seller's Controller or nominated representative of the place, date and time to establish the actual tare. If the buyer fails to comply with these conditions, with the result that establishment of the actual tare takes place without the seller's Controller or nominated representative being

present, then the seller is not obliged to accept the buyer's report for the actual tare, and the seller may declare invoice tare final.

Rule 218

- 1 To establish actual tare, a minimum of 3% of the bales, subject to a minimum of five bales of each type of tare of each invoice, must be determined.
- 2 Actual tare is established by ascertaining the average weight of the wrapping, bands, ropes or wires from each type of the different tares comprising the lot or mark and multiplying the average weight of each type of tare by the total number of bales of that type of tare in the shipment.
- 3 Repaired bales must be tared separately.

Quantity of Bales

Rule 219

- 1 In case of shipper's load and count, the seller is liable for the contents of the container, and for any variation from the invoiced bale quantity. Any claim must be supported by a report issued by the Controller or nominated representative stating each container serial number and seal number and certifying that the seal was intact.

2 Gross Shipping Weight Contracts

- a If the buyer has requested that their Controller or nominated representative be present for the stuffing and sealing of containers in order to verify the quantity of bales to be shipped, and the seller proceeds to stuff and seal containers without the presence of the buyer's Controller or nominated representative, the buyer may subsequently present a claim for the quantity of bales landed in accordance with Rule 219.3.
- b If the buyer has failed to nominate a Controller or nominated representative prior to the stuffing of the container to verify the quantity of bales shipped, no further claim may be made by the buyer for the quantity of bales shipped.

3 Gross Landed Weight Contracts

- a Devanning must occur immediately following unsealing of containers. Containers must not be left unsealed at any time prior to devanning. If the original seals are broken by customs or other authorities at port of entry prior to devanning, it is the final buyer's responsibility to arrange the opened containers to be resealed and new seal numbers provided to seller's Controller or nominated representative by the same customs or port authority.

- b If the seller has failed to nominate the Controller or nominated representative prior to the date of seal breaking and devanning, the buyers may proceed unilaterally to appoint a Controller or nominated representative to establish the quantity of bales landed. The seller must accept the buyer's Controller or nominated representative's report evidencing the quantity of bales landed.
- c If the seller has notified the buyer of the appointment of a Controller or nominated representative, then the buyer or their Controller or nominated representative must notify the seller's Controller or nominated representative of the place, date and time of seal breaking and devanning. If the buyer fails to comply with these conditions, with the result that the seal breaking and devanning takes place without the seller's Controller or nominated representative being present, then the seller is not obliged to accept the buyer's report evidencing the quantity of bales landed.

Rule 220

The weight of the bales which are short landed, burst, or deemed unsuitable for weighment (as determined by the Controller or nominated representative of the sellers), will be calculated according to the average gross landed weight of the landed bales.

- 1 If less than 25% of each invoice is in good condition, the weight of these bales will be calculated according to the average invoice weight.
- 2 If the buyer does not weigh the total shipment within 28 days (four weeks) of the date of the arrival of the vessel, the unweighed bales will be calculated according to the average gross weight of the weighed bales, as long as at least 90% of the lot has been weighed. If less than 90% of the lot has been weighed, the weight of the unweighed bales will be calculated according to the average invoice weight plus 1.5 percent.
- 3 Unless otherwise agreed by the parties, proof of any variation in weight, must be sent to all parties within 49 days (seven weeks) of the date of shipment (for Gross Shipping Weight contracts) or date of arrival of the vessel (for Gross Landed Weight contracts).
- 4 The Directors can extend any time limit stated in Rules 216, 217 and 219 but only if the firm concerned can show that substantial injustice would otherwise be done:
 - a because it could not reasonably have anticipated the delay; or
 - b because of the conduct of the other firm.

Applications must be made to us in writing. The Directors will take the other firm's comments into account before they make a decision.

- 5 Compensation for any variation of weight to be settled in accordance with Rule 211.

Quality of the cotton delivered

Rule 221

Unless 'average' has been stated in the contract, the cotton must be equal to or better than contracted quality.

Rule 222

- 1 The buyer and seller should say in the contract what the grade, length, micronaire, strength and other fiber characteristics of the delivered cotton must be. The contract may also lay down what allowances, differences, limits and so on apply, and, where applicable, what type of instruments must be used to establish the characteristics in the event of a dispute.
- 2 If the buyer and seller disagree about a claim, the dispute will be settled by arbitration under our Bylaws.
- 3 The buyer and sellers should say in the contract whether the arbitration will be based on the results of manual classification or instrument testing. If the parties fail to include such a clause in their contract or fail to agree on the method of classification and arbitration, Bylaw 339 will apply and any Quality Arbitration will be conducted on the basis of manual examination for grade and staple.
- 4 (Grade): Where the grade (excluding light spotted, spotted, tinged and yellow stained) is found to be below the contracted quality then the following multiplier of the value differences shall apply:

0.5 full grade – actual value difference

full grade – actual value difference

1.5 full grades – 1.25 x value difference

full grades – 1.5 x value difference

2.5 full grades – 1.75 x value difference

full grades – 2 x value difference

3.5 full grades – 2.25 x value difference

full grades – 2.5 x value difference

And so on.

N.B. 1 colour grade or 1 leaf grade is equal to half of the value of a full grade.

Please refer to the Value Differences Circular for published value differences and an explanatory note.

- 5 (Staple): Where the staple is found to be below the contracted quality then the following multiplier of the value differences shall apply:

1/32" – actual value difference

1/16" – 1.5 x value difference

3/32" – 2 x value difference

1/8 – 2.5 x value difference

5/32" – 3 x value difference

3/16" – 3.5 x value difference

7/32" – 4 x value difference

And so on.

N.B. Please refer to the Value Differences Circular for published value differences.

Sampling

Rule 223

- 1 a For contracts where the seller must arrange for the carriage of the goods (e.g. CIF, CFR, CPT, CIP etc.), the buyer must notify the seller in writing of any quality claim within 28 days (4 weeks) of the date of arrival. The parties must provide in writing the names of their Controller or Nominated Representative to supervise sampling within 14 days (2 weeks) of the notification in writing of any claim. Initially, each party will bear the costs of their Controller or Nominated Representative.
- b For contracts where the buyer must arrange for the carriage of the goods (e.g., FOB, FCA, FOT, FOR etc.), the buyer must notify the seller in writing of any quality claim within 28 days (4 weeks) of the date of shipment shown on the Transport Document.
- 2 a For contracts where the seller must arrange for the carriage of the goods (e.g., CIF, CFR, CPT, CIP etc.), sampling should be performed at the final destination of the cotton (buyer's mill, warehouse etc.) or any other location as determined between buyer and seller.
- b For contracts where the buyer must arrange for the carriage of the goods (e.g., FOB, FCA, FOT, FOR etc.), sampling should take place at the place of receipt, or any other location as determined between buyer and seller.
3. The buyer's and seller's Controller or Nominated Representative must supervise the sampling.

4. In the event that either party fails to nominate their controller or nominated representatives within the 14 days (2 weeks) deadline and reply to the claim of the other, the other party may proceed with sampling by a Member Controller only.
5. Samples to be used in any manual or instrument test-based Quality Arbitrations, should be drawn within 28 days (four weeks) of the date of notification in writing of any claim.
6. Bylaw 337 stipulates the time deadlines and procedures for the commencement of Quality Arbitrations.

Rule 224

- 1 A sample from a bale of cotton should weigh about 150 grams. If possible, the sample should be identified by mark and bale number or any other reference unique to the sampled bale. Unless otherwise agreed by the parties, samples drawn should be sealed by the buyer's and/or seller's nominated representatives.
- 2 For manual classification claims, instrument testing claims and/or arbitrations, cotton must be sampled 10% unless otherwise agreed. The samples must be representative of 10% of the bales that comprise each disputed lot, mark, truck or container defined on the seller's commercial invoice or packing list.
- 3 Samples may be drawn from part lots, and/or truck and/or container shipments. However, a claim can only be made on the number of bales available at the time of sampling.
- 4 In the event that a Quality Arbitration award is made, the cost of drawing, supervision of drawing and dispatch of samples may be recoverable and will be determined by the arbitrators. In normal circumstances, and at the discretion of the arbitrators, the costs may follow the event.
- 5 Sampling for Moisture Regain is set out in Rule 230.
- 6 Bylaws 337 to Bylaw 341 stipulate the timetables and procedures governing manual quality and instrument test based arbitrations.

Rule 225

The buyer must not sample the bales before weighing without the seller's permission.

Rule 226

If the seller takes a set of samples after the issuance of the invoice, they must pay for them at the contract price of the cotton. If the buyer takes a set of samples before the issuance of the invoice, he must pay for them at the contract price of the cotton.

Claims

Rule 227 Mixed pack bales

- 1 The buyer must claim for mixed packed bales within six months (26 weeks) of the date of arrival of the cotton. The bales to be claimed must be set aside until any survey is completed.
- 2 Each party should appoint their nominated representative or Controller within 7 days (1 week) of the notification of the claim. Alternatively, the parties may agree the appointment of a joint controller. In the event that either party fails to nominate a controller or nominated representatives within the 7 days (1 week) of the notification of claim and reply to the claim of the other, the other party may proceed unilaterally with inspection by a Member Controller only.
- 3 The bales which are subject to any claim must be inspected jointly by the nominated representative(s) or Controller(s), or solely by the joint controller. During an initial inspection, unless the parties agree otherwise, a minimum of 5% of the bales subject to the claim must be selected by the nominated representative(s) or Controller(s) and a preliminary report issued to the buyers and the sellers. The reports must be issued within 5 days following the last day of the preliminary survey.
- 4 If the parties are unable to resolve any claim within 10 days after the date of the preliminary survey report the claim will be settled as follows:
 - (a) Unless agreed otherwise, 50% of the bales that are subject to the claim must be selected at random by the nominated representative(s) or Controller(s);
 - (b) A joint full survey will be conducted by the nominated representative(s) or Controller(s), or a fully survey will be conducted by the joint controller, to segregate and determine the quantity of the “mixed packed” cotton found within the bales;
 - (c) The nominated representative(s) or Controller(s) must issue their report showing the pro-rata weight of the of the mixed packed cotton found within the claimed bales within 5 days following the last day of the full survey;
 - (d) The pro rata weight of the “mixed pack cotton” is to be invoiced back to the seller based on the market value of the contracted quality on the 5th day following the last day of the full survey.
- 5 Initially, each party will be liable for the fees of their appointed controller or nominated representative. If the parties have agreed on the appointment of a joint controller, the fees will be split equally at this stage between the parties. Following the final inspection, the controlling costs and substantiated expenses shall be apportioned between the parties based on the principle that costs follow the event.

Rule 228 Internal Water Damage and Foreign Matter

- 1 The buyer must claim for bales containing internal water damage or foreign matter within six months (26 weeks) of the date of arrival. The bales to be claimed must be set aside until any survey is completed.

- 2 Each party should appoint their nominated representative or Controller within 7 days (1 week) of the notification of the claim. Alternatively, the parties may agree the appointment of a joint controller.

In the event that either party fails to nominate a controller or nominated representatives within the 7 days (1 week) of the notification of claim and reply to the claim of the other, the other party may proceed unilaterally with inspection by a Member Controller only.

- 3 The Controller(s) or nominated representative(s) of the buyer and seller shall proceed to select and survey the bales in order to segregate the internal water damaged cotton or foreign matter found within the bales. Failing an agreement, a minimum of 10% of claimed bales will be selected to be opened for the survey.

(a) The nominated representative(s) or Controller(s) must issue their report showing the pro-rata weight and/or detail to segregate the internal water damage or foreign matter found within the claimed bales within 5 days following the last day of the survey;

(b) The pro rata weight of any “internal water damage” or “foreign matter” cotton or contaminant segregated from the bales shall be invoiced back to the seller based on the invoice value of the contracted quality on the 5th day following the last day of the survey.

- 4 Initially, each party will be liable for the fees of their appointed controller or nominated representative. If the parties have agreed on the appointment of a joint controller, the fees will be split equally at this stage between the parties. Following the final inspection, the controlling costs and substantiated expenses shall be apportioned between the parties based on the principle that costs follow the event.

Rule 229 Country Damage

1 The buyer must give notice of any claim for country damage as detailed in Rule 207 or Rule 208 and the survey shall be completed by a Lloyd’s agent, a Member Controller or a qualified surveyor recognised by the insurance company of the sellers and the buyers within 14 days (two weeks) of the notice of the claim, or within 56 days (eight weeks) of the date of arrival, whichever is earlier.

2 In the event that one of the parties fails to appoint a Lloyd’s agent, a Member Controller or a qualified surveyor recognised by the insurance company within 14 days (two weeks) of the notice of the claim, or within 56 days (eight weeks) of the date of arrival, whichever is earlier, the other party may proceed with the survey following the appointment of a Member Controller.

Rule 230 Moisture Regain

The following will apply when sampling bales to test for Moisture Regain:

1. Unless otherwise agreed by the parties to a contract, the maximum moisture regain shall be 8.5%
2. Claims must be submitted within 28 days of the date of arrival.
3. Each party should appoint their nominated representative or Controller within 7 days (1 week) of the notification of the claim. Alternatively, the parties may agree the appointment of a joint controller. In the event that either party fails to nominate a controller or nominated representatives within the 7 days (1 week) of the notification of claim and reply to the claim of the other, the other party may proceed unilaterally with inspection by a Member Controller only.
4. Representative samples must be taken from 5% of the bales in each lot, mark, truck or container defined on the seller's commercial invoice or packing list (at least three bales). These bales must be selected at random. Samples must be at least 150 grams and be taken from at least two different parts of each bale from a depth of about 40 centimetres inside the bale. The samples must be hermetically sealed at the time of sample drawing and labelled with mark and bale number or other reference unique to the sampled bale.
5. Samples may be drawn from part lots, and/or truck and/or container shipments. However, a claim can only be made on the number of bales available at the time of sampling.
6. In the event that an award is made, the cost of drawing, supervision of drawing and dispatch of samples may be recoverable and will be determined by the arbitrators. In normal circumstances, and at the discretion of the arbitrators, the costs may follow the event.
7. Samples must be drawn and dispatched to the mutually agreed testing laboratory within 14 days (two weeks) of the appointment of the nominated representative or controller.
8. The allowance given to the buyer will be based on the laboratory's report. The allowance will be the difference between:
 - a. The weight of the absolutely dry fiber in the lost plus the percentage of moisture regain set out in the contract; and
 - b. The total weight of the lot.

This allowance will also be based on the invoice price.

Rule 231

In the event that the parties are unable to mutually agree a laboratory to verify any claim, either party may request the President of the ICA to nominate an ICA Bremen certified laboratory to issue a report for the testing of samples drawn. A list of the

certified laboratories may be obtained from the ICA website. The President will provide a further 63 days (nine weeks) for the certified laboratory to produce the report and the final claim to be presented.

Extending time limits

Rule 232

The Directors can extend any time limit stated in these rules but only if the firm concerned can show that substantial injustice would otherwise be done:

- 1 because it could not reasonably have anticipated the delay; or
- 2 because of the conduct of the other firm.

Applications must be made to us in writing. The Directors will take the other firm's comments into account before they make a decision.

Instrument testing

Rule 233

This Rule applies to all quality disputes regarding testing of cotton samples of any origin by instruments.

- 1 High Volume Instrument testing or classification shall be carried out in accordance with the approved practices and procedures listed in the latest version of the Universal Cotton Standards Agreement between the United States Department of Agriculture and the international signatories.
- 2 If sealed samples have already been taken for manual arbitration in accordance with Rules 223 and 224, the same samples can be used for the tests, provided they have been resealed.
- 3 The first test may only be undertaken in the ICA Bremen Laboratory, or any other ICA Bremen Certified Laboratory agreed by both parties. If the parties cannot agree, either party can ask the President of the Association to appoint a laboratory for the first test. A list of the certified laboratories may be obtained from the ICA website.
- 4 The laboratory which does the first test will issue a test report signed and/or stamped by its authorised personnel. The test report will show the results of the test. The samples will be resealed by the laboratory and retained for up to 35 days (five weeks) in case a second test is called for.
- 5 Either party can request a second test within 21 days (three weeks) of the first results being dispatched. If no request is lodged, the information on the test report will be final.

- 6 Any request for a second test must apply to the total number of bales in the first test. A second test may only be undertaken in the ICA Bremen Laboratory. If the first test was also undertaken in the ICA Bremen Laboratory, a different operator will be used for the second test. The test will be made on samples of cotton drawn from the original resealed samples. The party applying for the second test shall pay for the resealed samples to be dispatched to the ICA Bremen Laboratory
- 7 Test reports will be issued and signed and/or stamped by the laboratory's authorised personnel.
- 8 In the event the parties cannot reach agreement on the allowances to be applied, or the interpretation of the results, arbitrator(s) may be appointed by, or on behalf of, both parties.
- 9 A contract may say how much variation is acceptable in the fibre characteristics determined by the ICA Bremen Certified Laboratory tests. Control limits should be stipulated in the contract.
- 10 For micronaire, unless the parties agree otherwise, no control limit will apply. In case the parties agree on a control limit then the usual control limit of 0.1 will apply.
- 11 For strength, unless the parties agree otherwise, no control limit will apply. In case the parties agree on a control limit then the usual control limit of 1.0 grams/tex will apply.
- 12 Whichever party asks for the tests must pay the laboratory the whole cost. If the buyer pays, the seller must repay the cost of testing every bale which does not come within the control limit set out in the contract or, where the control limit is not stated in the contract, within the UCL specified in paragraph (10) and paragraph (11) above. If the seller pays, the buyer must repay the cost of testing every bale which comes within the control limit set out in the contract or, where the control limit is not stated in the contract, within the UCL specified in paragraph (10) and paragraph (11) above.

Micronaire and allowances

Rule 234

- 1 The Rules apply to all disputes relating to micronaire.
- 2 If the contract states 'micronaire' but does not say whether it should be the 'minimum' or 'maximum', it will be taken to mean 'minimum micronaire'. However, both parties can agree otherwise in writing before they send the samples for testing.

Rule 235

- 1 In any dispute about micronaire, the procedure in Rule 233 will apply unless the parties agree otherwise.
- 2 Unless the buyer and seller agree otherwise, for contracts which set out a minimum and/or a maximum micronaire value, the allowances for bales which do not reach

this minimum and/or which exceed this maximum will be as set out in the Value Differences Circular.

- 3 The Value Differences Committee may, at its discretion, introduce or withdraw additional micronaire value differences for specific growths into the Value Differences Circular.

Rule 236

- 1 In any dispute about strength, the procedure in Rule 233 will apply unless the parties agree otherwise.
- 2 Unless the buyer and seller agree otherwise, for contracts which set out a minimum strength value, the allowances for bales which do not reach this minimum will be as set out in the Value Differences Circular.
- 3 The Value Differences Committee may, at its discretion, introduce or withdraw additional strength value differences for specific growths into the Value Differences Circular.

Closing contracts

Rule 237

- 1 If for any reason a contract or part of a contract has not been, or will not be, performed (whether due to a breach of the contract by either party or due to any other reason whatsoever) it will not be cancelled.
- 2 The contract or part of a contract shall in all instances be closed by being invoiced back to the seller at market difference unless otherwise agreed in accordance with our Rules in force at the date of the contract.

Rule 238

Where a contract or part of a contract is to be closed by being invoiced back to the seller, then the following provisions will apply:

- 1 If the parties cannot agree upon the price at which the contract is to be invoiced back to the seller, then that price will be determined by arbitration, and if necessary, appeal.
- 2 The date of closure is the date when both parties knew, or should have known, that the contract would not be performed. In determining that date, the arbitrators or Technical Appeal Committee will take into account:
 - a the terms of the contract,
 - b the conduct of the parties,
 - c any written notice of closure; and

- d any other matter which the arbitrators or Technical Appeal Committee consider to be relevant.
- 3 In determining the invoicing back price, the arbitrators or Technical Appeal Committee shall have regard to the following:
- a the date of closure of the contract as determined in paragraph (2) above,
 - b the terms of the contract; and
 - c the available market price of the cotton which is the subject of the contract, or such like quality, on the date of closure.
- 4 The settlement payable on an invoicing back will be limited to the difference (if any) between the contract price and the available market price at the date of closure.
- 5 Any settlement due and payable on an invoicing back of a contract closed in accordance with Rules 237 and 238 will be calculated and shall be paid regardless of whether the party receiving or making the payment is considered to be responsible for the non-performance and/or breach of the contract.

Other claims and losses

- 6 Any other losses or claims expressly agreed between the parties as recoverable will not be included in an invoicing back price. Such losses or claims should be settled by amicable settlement; or claimed at arbitration or appeal.

Rule 239

Claims for indirect losses will not be allowed.

Rule 240

- 1 The arbitrators will set the invoicing back weight if:
- a the seller has not provided an invoice; or
 - b no actual weights are available; or
 - c the parties cannot agree the weight.
- 2 For the purpose of determining the invoicing back weight, when part of the contract has already been fulfilled, weight tolerances will not apply to the balance.

ARBITRATION BYLAWS

Bylaws are the mandatory provisions of this Association which cannot be changed or varied by the parties.

Any dispute arising out of, or in connection with, a contract which incorporates and provides for arbitration under these Bylaws shall be referred to arbitration. Arbitrators, an umpire, a Technical Appeal Committee or a Quality Appeal Committee (as the case may be) will determine all matters placed before them in accordance with the following Bylaws.

Introduction

Bylaw 300

- 1 We will conduct arbitration in one of two ways:
 - a Quality Arbitrations will deal with disputes arising from the manual examination of the quality of cotton and/or the quality characteristics which can only be determined by instrument testing. Bylaws especially applicable to Quality Arbitrations and appeals are set out herein.
 - b Technical arbitrations will deal with all other disputes. Bylaws especially applicable to technical arbitrations and appeals are set out herein.
- 2 The law of England and Wales and the mandatory provisions of the Arbitration Act 1996 (the Act) shall apply to every arbitration and/or appeal under these Bylaws. The non-mandatory provisions of the Act shall apply save insofar as such provisions are modified by, or are inconsistent with, these Bylaws.
- 3 The seat of our arbitrations is in England. No one can decide or agree otherwise.
- 4 Disputes shall be settled according to the law of England and Wales wherever the domicile, residence or place of business of the parties to the contract may be.
- 5 If parties have agreed to arbitration under our Bylaws, then, subject to paragraph (6) below, they must not use any court at all unless we have no further power to do what is required, or the Act allows, in which case they must apply to the courts in England or Wales.
- 6 A party can apply to a court anywhere to obtain security for its claim while arbitration or an appeal is taking place.
- 7 If a party is prevented from proceeding with an arbitration as a result of the application of the provisions of Bylaw 302 (4) or Bylaw 330 (1), it is free to apply to any court which is willing to accept jurisdiction.
- 8 Any contract in dispute referred to us for arbitration that has not been, or will not be, performed, will not be treated as cancelled. It will be closed by being invoiced back to the seller under our Rules in force at the date of the contract.

- 9 After eight weeks has passed from the receipt by the Tribunal or Technical Appeal Committee of final written submissions from the parties, the Tribunal or Technical Appeal Committee will send a message to the parties providing them with an update on the status of the Award.
- 10 All parties shall, at all times, act with respect and courtesy, and conduct themselves in a professional manner. Parties shall not act offensively or with disrespect towards any of the participants in ICA arbitration and shall not employ hostile, demeaning or humiliating terms in written or oral communications with us or other parties in ICA arbitration. Parties shall ensure that those individuals under their supervision acting in arbitration proceedings follow these Bylaws.

It is for the Tribunal or Technical Appeal Committee to determine, on a case-by-case basis, whether a party's conduct is disrespectful or disruptive and, where so, the appropriate manner to address such conduct, taking into account the particular circumstances, the parties involved, including their role and any relevant aspect of their background, and the severity of the misconduct or disruption.

In appropriate circumstances, the Tribunal or Technical Appeal Committee shall notify the parties of conduct that it considers discourteous, disrespectful, or disruptive and demand its immediate termination in order to ensure a productive and fair proceeding.

11. Parties shall not knowingly make any false submission of fact or law to the Tribunal or Technical Appeal Committee.
12. Parties shall not engage, without legitimate reasons, in activities intended to obstruct, delay, or disrupt the arbitration process or to jeopardize the finality of any award. In doing so, parties shall use all reasonable efforts to comply with the Tribunal or Technical Appeal Committee's directions.

Notices

Bylaw 301

- 1 Any notice or other communication that may be or is required to be given by a party under these Bylaws shall be in writing and shall be delivered by registered postal or recognised international courier service or transmitted BY e-mail or any other means of telecommunication.

Where service of notices or other documents on parties by a Tribunal or Technical Appeal Committee via the Arbitration Team using e-mail is concerned, the day after the date of despatch of an e-mail shall be deemed to be the date of service on the party. Service on agents, brokers or representatives shall be deemed proper service under these Bylaws. So far as concerns such notices, this Bylaw over-rides any other provisions concerning notices in the parties' contract.

- 2 A party's last-known residence or place of business or last known e-mail address during the arbitration shall be a valid address for the purpose of any notice or other communication in the absence of any notification of a change to such address by

that party to the other parties, the Tribunal, Technical Appeal Committee or Arbitration Team.

- 3 For the purpose of determining the date of commencement of a time limit, a notice or other communication shall be treated as having been received on the day after it is delivered or deemed to have been delivered. If we give notice that something must be done within a set period, the period begins the day when it is deemed that the relevant notice has been delivered.
- 4 For the purpose of calculating a period of time under these Bylaws, such period shall begin to run on the day following the day when a notice or other communication is delivered or deemed to have been delivered. If the last day of such period is an English bank (official) holiday, the period is extended until the first business day which follows. English bank (official) holidays or non-business days occurring during the running of the period of time are included in calculating that period.
- 5 The Directors or, if appointed, the Tribunal or Technical Appeal Committee may at any time extend (even where the period of time has expired) time prescribed under these Bylaws for the conduct of the arbitration, including any notice or communication to be served by one party on any other party.
- 6 If something is to be given or paid to us by a set date or within a period, it must arrive on or before 23.59 hours on the last day it is due. If it is something that is delivered to us by hand, this must be done during our office hours. If money is paid by cheque or something similar and the bank refuse to pay us the amount due, we will consider that it was not paid on the date it was received by us.
- 7 At least one week prior to the publication of an award the Tribunal or Technical Appeal Committee must inform the Arbitration Team of the date of publication.
- 8 In the absence of a reply to the ICA by the Chair within three days then the remaining arbitrators may, by majority agreement, instruct the ICA to act in lieu of the Chair's instructions.

Technical Arbitration

Commencement of Arbitration

Bylaw 302

- 1 Any party wishing to commence arbitration under these Bylaws ("the claimant") shall send us a written request for arbitration ("the request").
- 2 When sending the request, the claimant shall also send:
 - a the name, address, email and telephone number of the other party ("the respondent"),
 - i a copy of the contract as agreed by both parties; or

- ii a copy of the arbitration agreement as agreed by both parties if not included in the contract; or
 - iii a copy of the contract with any additional supporting evidence,
 - b the name of their nominated arbitrator, or, if appropriate, the name of the sole arbitrator agreed by the parties, and
 - c such application fee and deposit as may be due under Appendix C of the Rule Book. An arbitration may be dismissed if the deposit is not received within one calendar month.
- 3 Upon receipt of the above, we shall copy the request to the respondent and the arbitration shall be considered to have officially commenced as of that date.
- 4 We may refuse arbitration facilities where the applicant has been suspended from the Association or expelled.

We will refuse arbitration facilities where:

- a The name of one of the parties appeared on the Association's List of Unfulfilled Awards Part 1 at the time that the contract under dispute was entered into.
 - b The claimant applies for arbitration referencing contract (s) that predate the Claimant's placement on the Association's List of Unfulfilled Awards Part 1.
 - c The penalty of denial of arbitration services has been imposed on the applicant pursuant to Bylaw 415.
 - d In the case of a Member Firm being suspended, that Member Firm would not be allowed to arbitrate on disputes where the contracts are dated during the suspension period. This includes related companies to that Member Firm.
 - e Contracts involving a Member Firm that has been suspended which predate the suspension date will be accepted for arbitration during the suspension period but at the non-members rate, for the suspended member.
- 5 Without prejudice to any other powers under section 37 of the Arbitration Act 1996, the Tribunal may consult sources within the cotton trade in order to obtain information relating to the market price of cotton which is the subject of the arbitration or such like quality on a particular date or within a particular range of dates. The parties shall be given a reasonable opportunity to comment on any price information so obtained but shall have no right to disclosure of the sources of such information.

The Tribunal

Bylaw 303

Disputes which fall to be determined under these Bylaws shall be heard by a Tribunal of three arbitrators or, if both parties agree, by a sole arbitrator who, for the purposes of these Bylaws, shall be deemed to be a qualified Arbitrator. Each party shall appoint one arbitrator and we shall appoint the third arbitrator who shall serve as Chair of the Tribunal. The Tribunal shall ensure that the parties are treated with impartiality and equality and that each party has the right to be heard and is given a fair opportunity to present its case as directed within the Tribunal's directions. The Tribunal shall conduct the proceedings with a view to expediting the resolution of the dispute.

Appointment of Arbitrators

Bylaw 304

- 1 Upon receipt of a Request made in accordance with Bylaw 302, we shall ask the respondent to appoint their arbitrator or to agree to the appointment of a sole arbitrator within 14 days (two weeks) and to notify us and the claimant of the name of their arbitrator.
- 2 We shall appoint the third arbitrator who shall serve as Chair of the Tribunal within seven days (one week) of the appointment of the second arbitrator, whether appointed by us or the respondent. The Chair will be selected from those arbitrators that are members of the ICA Arbitration Strategy Committee.
- 3 We may appoint an observer for training purposes who will not form part of the Tribunal.
- 4 Arbitrators must be Individual Members of our Association when they are appointed. Arbitrators must additionally be qualified to the standards set by the Directors from time to time before they may accept such appointments.
- 5 If a vacancy arises because any arbitrator dies, resigns, refuses to act, ceases to hold the requisite qualifications or becomes incapable of performing their functions, the vacancy shall be filled by the method set out in paragraph (1) above. **If a Chair of a Tribunal ceases to be an Arbitration Strategy Committee member, they can continue to serve on those Tribunals or Technical Appeal Committee that they were appointed to when they were a member of the Arbitration Strategy Committee and is not considered to be unqualified to chair them.**
- 6 By accepting appointment (whether by a party or by us) an arbitrator binds themselves to the Association to act in accordance with the Bylaws and Articles.
- 7 If either firm:
 - a fails to nominate an arbitrator within 14 days (two weeks) of being requested to do so; or
 - b fails to agree on a replacement arbitrator within 14 days (two weeks) of a substantiated and valid objection to a nomination,

We will make an appointment on behalf of the firm that has failed to nominate an arbitrator, or failed to agree on a replacement arbitrator within the time allowed.

- 8 If either firm objects to an arbitrator or any member of a Tribunal or an observer, it must do so within seven days (one week) of notice being given of the relevant appointment. Any objection must be made in writing, accompanied by the reasons for objection. An objection to an appointment will only be valid if the President decides that substantial injustice could result.
- 9 If an objection is not acted on and not withdrawn, the President must be asked to decide whether it is to be valid.
- 10 If new evidence comes to light after the normal time limits for raising an objection have expired, an objection may still be raised. The President will decide whether it will be heard and whether it is valid.
- 11 If a firm disagrees with the President's intention or decision it can appeal to the Directors but it must do so within seven days (one week) of notice having been given of the Presidents' decision. The Directors can use any of the powers given to the President at paragraph (6) and paragraph (7) above.
- 12 If the President should have a possible conflict of interest, they will not appoint arbitrators under these Bylaws. In that situation, the Vice-President or an acting President, will have the same powers of appointment as the President.

Revoking the authority of an arbitrator or appeal Committee member

Bylaw 305

- 1 Once an arbitrator or appeal Committee member has been appointed, their authority cannot be revoked by either firm unless both firms agree.
- 2 If an arbitrator or appeal Committee member ceases to be a Member of the International Cotton Association, they cannot continue to act in whatever capacity they were appointed unless the Directors agree.
- 3 The President may revoke an appointment and appoint an alternative:

if substantial injustice will be caused by them not doing so; or

if requested to do so by either firm in the following circumstances:
 - a if they uphold an objection under Bylaw 304;
 - b if an appointed arbitrator dies, refuses or becomes unable to act;
 - c if a sole arbitrator does not make an award within 56 days (eight weeks) of having received the final written submissions from the parties; or

- d if the Tribunal do not make an award within 56 days (eight weeks) of having received the final written submissions from the parties.
- 4 The Association will give notice of the President's intention. If a firm disagrees with the President, it can appeal to the Directors but it must give its reasons in writing within seven days (one week) of notice having been given. The Directors can use any of the powers given to the President.
- 5 The timeframes indicated in paragraph (3) above shall not be construed so as to undermine or overrule the arbitrators' duty under the Act to allow each party reasonable opportunity to reply to any query or order from the Tribunal subsequent to the closure of final written submissions.

Jurisdiction

Bylaw 306

Without prejudice to the provisions of the Act relating to jurisdiction, the Tribunal may rule on its own jurisdiction, that is, as to whether there is a valid arbitration agreement, whether the Tribunal is properly constituted and what matters have been submitted to arbitration in accordance with the arbitration agreement.

Conduct of the arbitration

Bylaw 307 a

1 It shall be for the Tribunal:

- a to determine whether the Tribunal has jurisdiction; and
- b to decide all procedural and evidential matters,

Subject to the right of the parties to agree any matter.

- 2 The Chair shall ensure the prompt progress of the arbitration, where appropriate by the making of Orders.
- 3 As soon as the Chair has issued directions and determined a timetable for proceedings, we shall notify the parties
- 4 The parties have a duty to do all things necessary for the proper and expeditious conduct of the proceedings, including complying without delay with any order or direction of the Tribunal as to procedural and evidential matters.

We will copy communications between either party and the Tribunal to the other party.

- 5 If either party fails to comply with any procedural order of the Tribunal, the Tribunal shall have power to proceed with the arbitration and make an Award. When a

Tribunal has agreed to placing an arbitration case 'on hold' (i.e. not currently active / 'in stasis') the Tribunal will ask that party if they wish the case to remain 'on hold' every six months. If a party does not respond to this communication, the Tribunal will inform that party to prosecute the arbitration within a specified time, failing which, the Tribunal will make an award or dismiss the claim.

- 6 Decisions, Orders and Awards shall be made by all or a majority of the arbitrators, including the Chair. The view of the Chair shall prevail in relation to a decision, order or Award in respect of which there is neither unanimity nor a majority.
- 7 All statements, contracts and documentary evidence must be submitted in the English language. Whenever documentary evidence is submitted in a foreign language, unless otherwise directed by the Tribunal, this must be accompanied by an officially certified English translation.
- 8 We will not accept submissions directly from legal firms or independent lawyers.
- 9 Upon the request of the respondent, the respondent will be provided with an opportunity to make any counterclaim at arbitration for any contract(s) concluded with the Claimant, and should provide a copy of the:
 - a. contract by both parties; or
 - b. arbitration agreement as agreed by both parties if not included in the contract;or
 - c. contract with any additional supporting evidence.

Bylaw 307 b

The parties confer on the Tribunal or Technical Appeal Committee and/or the Arbitration Team:

- 1 the power to consolidate arbitral proceedings between the same legal entities with other arbitral proceedings, or,
- 2 that concurrent hearings shall be held on such terms as may be agreed by the Tribunal or Technical Appeal Committee and/or the Arbitration Team, and,
- 3 if two parties appeal an award, the first party to appeal shall be called the appellant and the second appellant shall be called the respondent.

Oral hearings

Bylaw 308

- 1 Where either party or both parties request an oral hearing, they shall apply in writing to the Tribunal. The Tribunal may grant or decline the request without giving reasons. Their decision shall be final. If a request is granted, the Chair, having consulted their fellow arbitrators, shall decide the date, time and place of the hearing and the procedure to be adopted at the hearing.

- 2 The Chair, having consulted their fellow arbitrators, may, in advance of the hearing, give detailed directions with any appropriate timetable for all further procedural steps in the arbitration, including (but not limited to) the following:
 - a written submissions to be advanced by or on behalf of any party,
 - b examination of witnesses,
 - c disclosure of documents.
- 3 The Chair may impose time limits on the length of oral submissions and the examination or cross-examination of witnesses.
- 4 Parties may be represented by one of their employees, or by an Individual Member of the Association, but they may not be represented by a solicitor or barrister, or other legally qualified advocate. Parties may be accompanied by a legal representative at any oral hearing. Such legal representative may advise the party but may not address the Tribunal.

Technical Arbitration Awards

Bylaw 309

- 1 An Award shall be in writing on our official form dated and signed by all members of the Tribunal or the sole arbitrator as applicable and shall contain sufficient reasons to show why the Tribunal has reached the decisions contained in it, unless the parties agree otherwise, or the Award is by consent. The Chair will be responsible for drafting the Award but can delegate this responsibility, based upon a majority decision, if necessary, to a qualified member of the Tribunal. The members of the Tribunal need not meet together for the purpose of signing their award or for effecting any corrections thereto.
- 2 Any Award shall state that the seat of the arbitration is in England and the date by which we must receive notice of appeal.
- 3 All Awards made under our Bylaws will be treated as having been made in England, regardless of where matters were decided, or where the Award was signed, despatched or delivered to the firms in dispute.
- 4 We will stamp every Award in our offices on the date of the Award and apply the scale of fees laid down in Appendix C1 of the Rule Book.
- 5 An Award will only become effective and binding when we stamp it.
- 6 After we stamp an Award, we will notify all of the parties concerned.
- 7 The Award will only be released upon payment of the stamping fee and any outstanding fees, costs and expenses.

- 8 The Parties must honour or appeal the Award within 28 days (four weeks) from the publication date.
- 9 The Association will keep a PDF version of every Award and also produce two other paper versions. The Arbitration Team will courier one (and E-mail a PDF copy) of these original versions to each party when the Award is released, whilst sending a PDF of the Award to each arbitrator upon publication. Further paper copies of the Award can be produced upon the written request of the parties to the Arbitration Team, prior to the publication date (one week's notice) for a fee.
- 10 Before an award publication date may be finalised, there are two procedural pre-requisites: A final draft of the award is to be received by the Arbitration Team; and any request for any additional deposits that may be required is circulated to the parties - both at least 7 days before the publication date. The publication date may be finalised only when both pre-requisites are met.

Interest on Awards

Bylaw 310

The Tribunal and Technical Appeal Committee can award simple or compound interest from such dates and at such rates as they consider meets the justice of the case.

Corrections to Awards

Bylaw 311

- 1 The Tribunal, sole arbitrator or Technical Appeal Committee may on its own initiative or on the application of a party or Arbitration Team:
 - a correct an award so as to remove any clerical mistake or error arising from an accidental slip or omission or clarify or remove any ambiguity in the award, or
 - b make an additional award in respect of any claim (including a claim for interest or costs) which was presented to the Tribunal but was not dealt with in the award.
- 2 These powers shall not be exercised without first affording the parties a reasonable opportunity to make representations to the Tribunal.
- 3 Any application for the exercise of those powers must be made within 28 days of the date of the award or such longer period as the parties may agree.
- 4 Any correction of an award shall be made within 28 days of the date the application was received by the Tribunal or, where the correction is made by the Tribunal on its own initiative, within 28 days of the date of the award or, in either case, such longer period as the parties may agree.

- 5 Any additional award shall be made within 56 days of the date of the original award or such longer period as the parties may agree.
- 6 Any correction of an award shall form part of the award.

Technical Appeals

Bylaw 312

- 1 If either party disagrees with the Tribunal's Award, it can be appealed to us within the period specified in the Award. It must send a Notice of Appeal to us by email, post or courier.
- 2 Upon receipt of the Notice of Appeal ICA will require a deposit from the appellant against any fees, costs, or expenses in connection with or arising out of the Appeal in accordance with Appendix C1. The appellant must also deposit any costs they have not previously paid from the first tier Award against which they are appealing, and/or stamping fees. Failure to pay within the specified period will result in the Appeal being dismissed.
- 3 Within 7 days of receipt of its copy of the Notice of Appeal, the respondent in the appeal may exercise an option to require the appellant (as a condition of the appellant being able to proceed with an appeal) to pay 20% of the principal amount awarded against the appellant by the Tribunal's Award into an escrow account or to provide a bank guarantee for the same amount. The respondent's option is to be exercised by notice to us, with a copy to the appellant. If no such notice is received by us within the period of 7 days, the option will be deemed to have been waived and will not thereafter be capable of being exercised.
- 4 Within 7 days of receipt of the respondent's notice, if any, under Bylaw 312(3), the appellant must provide proposals or payment into an escrow account or for a bank guarantee for the payments required under Bylaw 312(2). Within a further 7 days, the respondent must indicate whether the proposals are acceptable or not.
 - a In the event that the appellant's proposals for payment into an escrow account or for a bank guarantee are not acceptable to the respondent, the matter shall be referred to a Technical Appeal Committee immediately. The wording, conditions and other details concerning the escrow arrangement and the bank guarantee must be to the complete satisfaction of the Technical Appeal Committee who will take legal advice then, on their absolute discretion, decide on the suitability of the escrow or guarantee arrangements.
 - b Until the escrow or guarantee arrangements have been implemented to the satisfaction of the Technical Appeal Committee, any submissions presented are to be held by the Arbitration Team, not disseminated to the other party but passed to the Technical Appeal Committee. However, the appeal is halted until the escrow or guarantee arrangements have been settled.

- 5 If the appellant fails to provide its proposals within the 7 day time limit or fails within 21 days of the respondent's agreement to the proposals or of the Technical Appeal's decision in case of dispute to provide the payment into escrow or bank guarantee that it has proposed (or as may be ordered by the Technical Appeal Committee), the appeal shall be dismissed.
- 6 If at any time after the Technical Appeal Committee have determined the suitability of the bank guarantee or escrow arrangements, the Technical Appeal Committee determines that the bank guarantee or escrow arrangements are in any way defective or ineffective in providing security for 20% of the principal amount awarded in the 1st tier award, the Technical Appeal Committee may:
 - a. Direct amendments to the bank guarantee or escrow arrangements or
 - b. Direct that a new bank guarantee or escrow arrangement be arranged by the appellant, on what terms and conditions that the Technical Appeal Committee thinks fit, in its absolute discretion, as a condition of continuing with the appeal.
 - c. Pending the implementation of these new arrangements, the submissions process the appeal will be halted by the Technical Appeal Committee and resumed when the Technical Appeal Committee deems fit to recommence.
 - d. If the appellant fails to follow these directions above, the appeal will be dismissed by the issuing of a Technical Appeal Committee award dismissing the appeal, without the Technical Appeal Committee considering the submissions made in the appeal.
- 7 The Directors, or Technical Appeal Committee if appointed, can extend the time limits in the above, sub-sections but only if the firm concerned can show that substantial injustice would otherwise be done and the request for an extension is reasonable in all the circumstances. Any request for an extension should be made in writing and should outline the reasons why substantial injustice may occur if a time extension is refused.

Oral hearings (on appeal)

Bylaw 313

- 1 Where either party or both parties request an oral hearing, they shall apply in writing to the Technical Appeal Committee. The Technical Appeal Committee may grant or decline the request without giving reasons. Their decision shall be final. If a request is granted, the Chair, having consulted their fellow arbitrators, shall decide the date, time and place of the hearing and the procedure to be adopted at the hearing.
- 2 The Chair, having consulted their fellow arbitrators, may, in advance of the hearing, give detailed directions with any appropriate timetable for all further procedural steps in the arbitration, including (but not limited to) the following:
 - a written submissions to be advanced by or on behalf of any party,
 - b examination of witnesses,

- c disclosure of documents.
- 3 The Chair may impose time limits on the length of oral submissions and the examination or cross-examination of witnesses.
- 4 Parties may be represented by one of their employees, or by an Individual Member of the Association, provided the Individual Member has not acted as arbitrator in the dispute, but they may not be represented by a solicitor or barrister, or other legally qualified advocate. Parties may be accompanied by a legal representative at any oral hearing. Such legal representative may advise the party but may not address the Technical Appeal Committee.

Technical Appeal Committee

Bylaw 314

- 1 As soon as the appellant has paid all fees due under Bylaw 312 (2), and submitted its case for appeal the Directors shall appoint a Technical Appeal Committee.
- 2 A Director cannot be involved in any decision about an appeal or be on a Technical Appeal Committee if they have acted as an arbitrator in the dispute or if substantial injustice could result.
- 3 An Individual Member cannot be on a Technical Appeal Committee if they have acted as an arbitrator in the dispute, or substantial injustice could result.
- 4 A Technical Appeal Committee will consist of a Chair and four other people, who must be Individual Members when they are appointed. The Chair will be selected from those arbitrators that are members of the ICA Arbitration Strategy Committee and the members will be selected from the list of ICA qualified arbitrators.
- 5 We may appoint an observer for training purposes who will not form part of the Technical Appeal Committee.
- 6 A member of a Technical Appeal Committee may only attend and vote at Committee meetings if he has been present at all previous meetings.
- 7 At any meeting of a Technical Appeal Committee, a quorum must comprise the Chair and three, or at the Chair's discretion, two members. In the event that there is no quorum, the Directors will appoint a new Technical Appeal Committee. However, the provisions of this paragraph may be varied by the Directors if both parties agree in writing.
- 8 If the Directors appoint a Technical Appeal Committee, either party can object to the Chair or any member of the Technical Appeal Committee but must do so within seven days (one week) of notice being given of the relevant appointment. Any objection must be made in

writing, accompanied by the reasons for objection. An objection to an appointment will only be valid if the Directors decide that substantial injustice could result.

9 If the Directors uphold an objection, they shall immediately nominate a substitute.

10 An appeal involves a new hearing of the dispute, and a Technical Appeal Committee can allow new evidence to be put forward. It may confirm, vary, amend or set aside the award of the first Tribunal and make a new award covering all of the matters in dispute.

11 The Technical Appeal Committee will decide the issues by a simple majority vote. Every member, including the Chair will have one vote.

12 The Chair and Secretary of the Technical Appeal Committee will sign the award.

Appeal timetable

Bylaw 315

- 1 The appellant must submit its Notice of Appeal to us within the time specified in the Award. The appellant must then submit all fees due under Bylaw 312 (2) and its case for appeal within 14 days (two weeks) of the Association receiving its Notice of Appeal, failing which the appeal will be dismissed.
- 2 If the respondent intends to make a submission, it should do so within 14 days (two weeks) of receiving a copy of the appellant's case.
- 3 If the respondent replies, the appellant may make a further submission within seven days (one week) of receiving a copy of the respondent's reply.
- 4 The respondent may make a final submission within seven days (one week) of receiving a copy of the appellant's further comment.
- 5 The Directors, or a Technical Appeal Committee if appointed, can extend these time limits, but only if the firm concerned can show that substantial injustice would otherwise be done and the request for an extension is reasonable in all the circumstances. Any request for an extension should be made in writing and should outline the reasons why substantial injustice may occur if an application is refused.
- 6 Applications for extensions must be made before time limits expire.
- 7 Further submissions may only be allowed if both parties agree, or the Technical Appeal Committee decides that substantial injustice will be caused by rejecting them; then
 - a the appellant is allowed to make further comment, but must do so within seven days (one week) of receiving a copy of the respondent's further comments; and
 - b the respondent is allowed to make final comment but must do so within seven days (one week) of receiving a copy of the appellant's further comments.

- 8 Unless circumstances otherwise dictate, the Association shall arrange for the appeal to be heard no later than 14 days (two weeks) after final submissions have been received by the Technical Appeal Committee.
- 9 Either party may nominate, in writing, a representative, who must be a qualified ICA arbitrator, to act on their behalf in any matter concerned with an appeal, provided the representative has not acted as arbitrator in the dispute. We will then communicate with them and no-one else.
- 10 All appeal material must be submitted to us by:
 - a the firms in dispute; or
 - b the arbitrators acting as appointed representatives.
- 11 We will not accept submissions directly from legal firms or independent lawyers.
- 12 The costs incurred by the parties of obtaining legal advice in connection with the claim presented to a Technical Appeal Committee shall not be recoverable, even if claimed.
- 13 The Association will keep a PDF version of every Award and also produce two paper versions. The Arbitration Team will courier one (and E-mail a PDF copy) of these original versions to each party when the Award is released, whilst sending an a PDF of the Award to each arbitrator upon publication. Further paper copies of the Award can be produced upon the written request of the parties to the Arbitration Team, prior to the publication date (one week's notice) for a fee.
- 14 Before an award publication date may be finalised, there are two procedural pre-requisites: A final draft of the award is to be received by the Arbitration Team; and any request for any additional deposits that may be required is circulated to the parties - both at least 7 days before the publication date. The publication date may be finalised only when both pre-requisites are met.

**Small Claims Technical Arbitration
(for disputes with a value at, or less than, US\$ 75,000)**

Bylaw 316

- 1 Disputes which fall to be determined under these Bylaws shall be restricted to disputes related to a total value not exceeding US\$ 75,000 (Seventy-five thousand United States Dollars).
- 2 A sole arbitrator appointed by us will hear such disputes. The sole arbitrator shall ensure that the parties are treated with equality and that each party is given a fair opportunity to present its case. The sole arbitrator shall conduct the proceedings with a view to expediting the resolution of the dispute. We will copy all communications between either party and the sole arbitrator to the other party.

- 3 If upon receipt of the submissions from both parties the sole arbitrator considers that the matter is not within the remit of the small claims procedure or the matter is too complex for a sole arbitrator to consider, he will advise the parties of this, and they will have the right to proceed to a full Tribunal hearing to resolve the dispute.
- 4 The previously appointed sole arbitrator will act as the Tribunal Chair if they are a member of the Arbitration Strategy Committee, unless either party objects. In the event he is not a member of the Arbitration Strategy Committee, the Tribunal Chair will be appointed in the normal manner. Any objection must be made in writing within seven days (one week) of notice being given of the relevant appointment and accompanied by the reasons for objection. An objection to an appointment will only be valid if the President decides that substantial injustice could result. Each party will appoint their own arbitrator within 14 days (two weeks) of being requested to do so by us. If either party fails to appoint an arbitrator within the stated period, the President will appoint an arbitrator and give notice of the appointment to the parties.

Commencement of Arbitration

Bylaw 317

- 1 Any party wishing to commence arbitration under these Bylaws (“the claimant”) shall send us a written request for arbitration (“the request”), and we shall copy the request to the other party (“the respondent”).
- 2 When sending the request, the claimant shall also send:
 - a the name, address including email address and telephone number of the other party (“the respondent”),
 - i copy of the contract as agreed by both parties; or
 - ii a copy of the arbitration agreement as agreed by both parties if not included in the contract; or
 - iii a copy of the contract and any supporting evidence,
 - b details of the claim value which must be no more than US\$ 75,000, and
 - c such application fee and deposit as may be due under Appendix C of the Rule Book. An arbitration may be dismissed if the deposit is not received within one calendar month.
- 3 We will refuse arbitration facilities where:
 - a The name of one of the parties appeared on the Association’s List of Unfulfilled Awards Part 1 at the time that the contract under dispute was entered into.

- b The claimant applies for arbitration referencing contract (s) that predate their placement on the Association's List of Unfulfilled Awards Part 1.
- c Where the penalty of denial of arbitration services has been imposed on one of the parties pursuant to Bylaw 415.
- d In the case of a Member Firm being suspended, that Member Firm would not be allowed to arbitrate on disputes where the contracts are dated during the suspension period. This includes related companies to that Member Firm.
- e Contracts involving a Member Firm that has been suspended which predate the suspension date will be accepted for arbitration during the suspension period but at the non-members rate, for the suspended member.

Appointment of a sole arbitrator

Bylaw 318

- 1 Upon receipt of a Request made in accordance with Bylaw 317, we will nominate the sole arbitrator within seven days (one week). If the parties have agreed in writing to appoint a particular sole arbitrator, we will appoint them so long as their appointment complies with the conditions set out in the ICA Articles, Bylaws and Rules and the Arbitrators' Code of Conduct.
- 2 The sole arbitrator must be an Individual Member of our Association when appointed. The arbitrator must additionally be qualified to the standards set by the Directors from time to time before he may accept such an appointment.
- 3 If the sole arbitrator dies, resigns, refuses to act, ceases to hold the requisite qualifications or becomes incapable of performing their functions, a replacement sole arbitrator will be appointed by the President.
- 4 By accepting appointment (whether by the parties or by us) a sole arbitrator binds themselves to the Association to act in accordance with the Bylaws.
- 5 If either party raises an objection to a nominated sole arbitrator, it must do so within seven days (one week) of notice being given of the relevant appointment. Any objection must be made in writing, accompanied by the reasons for objection. An objection to an appointment will only be valid if the President decides that substantial injustice could result. If the objection is upheld, the President shall appoint a replacement sole arbitrator.
- 6 If new evidence comes to light after the normal time limits for raising an objection have expired, an objection may still be raised. The President will decide whether it will be heard and whether it is valid.
- 7 If a party disagrees with the President's intention or decision it can appeal to the Directors but it must do so within seven days (one week) of notice having been given of the Presidents' decision. The Directors can use any of the powers given to the President at paragraph (5) and paragraph (6) above.

- 8 If the President should have a possible conflict of interest, he will not appoint the sole arbitrator under these Bylaws. In that situation, the Vice-President or an acting President will have the same powers of appointment as the President.

Revoking the authority of a sole arbitrator

Bylaw 319

- 1 Once a sole arbitrator has been appointed, their authority cannot be revoked by either party unless both parties agree.
- 2 If a sole arbitrator ceases to be a Member of the International Cotton Association, they cannot continue to act in whatever capacity they were appointed unless the Directors agree.
- 3 The President may revoke an appointment and appoint an alternative:

if substantial injustice will be caused by them not doing so; or

if requested to do so by either party in the following circumstances:
 - a if they upholds an objection under Bylaw 318;
 - b if an appointed arbitrator dies, refuses or becomes unable to act;
 - c if a sole arbitrator does not make an award within 56 days (eight weeks) of having received the final written submissions from the parties.
- 4 If, upon appointment as the Tribunal Chair, the sole arbitrator declines to act, he must give notice in writing and the President will appoint a replacement within seven days (one week) of notice having been given.
- 5 The Association will give notice of the President's intention. If a party disagrees with the President, it can appeal to the Directors but it must give its reasons in writing within seven days (one week) of notice having been given. The Directors can use any of the powers given to the President.
- 6 The timeframes indicated in paragraph (3) above shall not be construed so as to undermine or overrule the arbitrators' duty under the Act but to allow each party reasonable opportunity to reply to any query or order from the sole arbitrator subsequent to the closure of final written submissions.

Association's fees and deposits on account of Small Claims Arbitration fees

Bylaw 320

- 1 Sole arbitrators shall be entitled to charge fees which shall be fixed by reference to the total amount of time reasonably devoted to the arbitration and shall be in accordance with the fees laid down in Appendix C of the Rule Book.
- 2 Where the sole arbitrator finds it necessary to obtain legal advice on any matter arising from an arbitration, reasonable legal fees thereby incurred will be payable by the parties, as specified in the Award.
- 3 When an Award is presented for stamping in accordance with Bylaw 323, the sole arbitrator shall invoice us for all fees, clearly stating their applicable hourly rate. The sole arbitrator is required to submit a time sheet in a format approved by the Directors.
- 4 The only expenses a sole arbitrator shall be entitled to claim are courier fees, up to a maximum of £50 unless substantiated with a receipt.
- 5 The time sheet shall be forwarded to both parties by the Arbitration Team within 14 days (two weeks) of the award being released.
- 6 The payment of fees and expenses to the sole arbitrator is conditional upon the Association's receipt of the time sheet.
- 7 Subject to the foregoing, the sole arbitrator shall be entitled to prompt payment of fees and expenses following release of the Award. If, following a review under Bylaw 357 the Directors determine that any fees or expenses are unreasonable, the sole arbitrator shall act in accordance with the decision of the Directors.

Jurisdiction

Bylaw 321

Without prejudice to the provisions of the Act relating to jurisdiction, the sole arbitrator may rule on their jurisdiction, that is, as to whether there is a valid arbitration agreement and what matters have been submitted to arbitration in accordance with the arbitration agreement.

Conduct of the Small Claims Technical Arbitration

Bylaw 322

- 1 The conduct of the small claims arbitration will be based on documentary evidence only.
- 2 It shall be for the sole arbitrator;
 - a to determine whether they have jurisdiction; and
 - b to decide all procedural and evidential matters,

subject to the right of the parties to agree any matter.

- 3 The sole arbitrator shall ensure the prompt progress of the arbitration, where appropriate by the making of Orders.
- 4 As soon as the sole arbitrator has determined a timetable for proceedings, we shall notify the parties.
- 5 The parties have a duty to do all things necessary for the proper and expeditious conduct of the proceedings, including complying without delay with any order or direction of the sole arbitrator as to procedural and evidential matters.
- 6 If either party fails to comply with any procedural order of the sole arbitrator, the arbitrator shall have power to proceed with the arbitration and make an Award.
- 7 All statements, contracts and documentary evidence must be submitted in the English language. Whenever documentary evidence is submitted in a foreign language, unless otherwise directed by the sole arbitrator, this must be accompanied by an officially certified English translation.
- 8 We will not accept submissions directly from legal firms or independent lawyers.
- 9 The costs incurred by the parties of obtaining legal advice in connection with the claim presented to a sole arbitrator shall not be recoverable, even if claimed.

Small Claims Technical Arbitration Awards

Bylaw 323

- 1 An Award shall be in writing, dated and signed by the sole arbitrator and shall contain sufficient reasons to show why they have reached the decisions contained in it, unless the parties agree otherwise or the Award is by consent.
- 2 Any Award shall state that the seat of the arbitration is in England and the date by which we must receive notice of appeal.
- 3 All Awards made under our Bylaws will be treated as having been made in England, regardless of where matters were decided, or where the Award was signed, despatched or delivered to the firms in dispute.
- 4 We will stamp every Award in our offices on the date of the Award, and apply the scale of fees laid down in Appendix C of the Rule Book.
- 5 An Award will only become effective and binding when we stamp it.
- 6 After we stamp an Award, we will notify all of the parties concerned.
- 7 The Award will only be released upon payment of the stamping fee and any outstanding fees, costs and expenses.

- 8 The Award must be honoured within 28 days (four weeks) from notification to all of the parties under paragraph (6) above.
- 9 The Association will keep a PDF version of every Award and also produce two paper versions. The Arbitration Team will courier one (and E-mail a PDF copy) of these original versions to each party when the Award is released, whilst sending a PDF of the Award to each arbitrator upon publication. Further paper copies of the Award can be produced upon the written request of the parties to the Arbitration Team, prior to the publication date (one week's notice) for a fee.
- 10 Before an award publication date may be finalised, there are two procedural pre-requisites: A final draft of the award is to be received by the Arbitration Team; and any request for any additional deposits that may be required is circulated to the parties - both at least 7 days before the publication date. The publication date may be finalised only when both pre-requisites are met.

Interest on Awards

Bylaw 324

A sole arbitrator or Small Claims Appeal Committee can award simple or compound interest from such dates and at such rates as they consider appropriate.

Costs

Bylaw 325

The general principle is that costs follow the event, but subject to the overriding discretion of the sole arbitrator and Small Claims Appeal Committee as to which party will bear what proportion of the costs of the arbitration or appeal. In the exercise of that discretion the sole arbitrator or Small Claims Appeal Committee shall have regard to all the material circumstances.

Small Claims Technical Appeals

Bylaw 326

- 1 If either party disagrees with the sole arbitrator's Award, it can appeal to us within the period specified in the Award. It must send Notice of Appeal to us.
- 2 Upon receipt of the Notice of Appeal we may demand that sums of money be deposited with us by the appellant, by way of deposit against any fees, costs or expenses in connection with or arising out of the Appeal. The appellant must also deposit any costs or stamping fees that the Tribunal's Award ordered them to pay. Failure to pay within the specified period will result in the Appeal being dismissed.
- 3 The Directors, or Small Claims Technical Appeal Committee if appointed, can extend the time limits in paragraph (2) above, but only if the firm concerned can

show that substantial injustice would otherwise be done and the request for an extension is reasonable in all the circumstances. Any request for an extension should be made in writing and should outline the reasons why substantial injustice may occur if an application is refused.

Small Claims Technical Appeal Committee

Bylaw 327

- 1 The conduct of the Small Claims Technical Appeal will be based on documentary evidence only.
- 2 As soon as the appellant has paid all fees due under Bylaw 326 (2) and served its case for appeal, the Directors shall appoint a Small Claims Technical Appeal Committee.
- 3 A Director cannot be involved in any decision about an appeal or be on a Small Claims Technical Appeal Committee if they have acted as the arbitrator in the dispute or if substantial injustice could result.
- 4 An Individual Member cannot be on a Small Claims Technical Appeal Committee if they have acted as the arbitrator in the dispute, or substantial injustice could result.
- 5 A Small Claims Technical Appeal Committee will consist of a Chair and two other people, who must be Individual Members when they are appointed. All Small Claims Technical Appeal Committee members must additionally be qualified to the standards as set by the Directors from time to time.
- 6 At any meeting of a Small Claims Technical Appeal Committee, the Chair and both members must be present. In the event a member of the Committee cannot continue to act, the Directors will appoint a new Small Claims Technical Appeal Committee member. However, the provisions of this paragraph and paragraph (5) above may be varied by the Directors if both parties agree in writing.
- 7 If the Directors appoint a Small Claims Technical Appeal Committee, either party can object to the Chair or any member of the Committee but must do so within seven days (one week) of notice being given of the relevant appointment. Any objection must be made in writing, accompanied by the reasons for objection. An objection to an appointment will only be valid if the President decides that substantial injustice could result.
- 8 If the Directors uphold an objection, they shall immediately nominate a substitute.
- 9 An appeal involves a new hearing of the dispute and the Small Claims Technical Appeal Committee can allow new evidence to be put forward. It may confirm, vary, amend or set aside the award of the sole arbitrator and make a new award covering all of the matters in dispute.

- 10 The appeal Committee will decide the issues by a simple majority vote. Every member, including the Chair will have one vote.

Appeal timetable

Bylaw 328

- 1 The appellant must submit its Notice of Appeal to us within the time specified in the Award. The appellant must then submit all fees due under Bylaw 326 (2) and its case for appeal within 14 days (two weeks) of the Association receiving its Notice of Appeal.
- 2 If the respondent intends to comment, it should do so within 14 days (two weeks) of receiving a copy of the appellant's case.
- 3 If the respondent replies, the appellant is allowed to make further comment, but must do so within seven days (one week) of receiving a copy of the respondent's reply.
- 4 The respondent is allowed to make final comment, but must do so within seven days (one week) of receiving a copy of the appellant's further comment.
- 5 The Directors, or Small Claims Technical Appeal Committee if appointed, can extend these time limits, but only if the firm concerned can show that substantial injustice would otherwise be done and the request for an extension is reasonable in all the circumstances. Any request for an extension should be made in writing and should outline the reasons why substantial injustice may occur if an application is refused.
- 6 Applications for extensions must be made before time limits expire.
- 7 Further submissions may only be allowed if both parties agree, or the Small Claims Technical Appeal Committee decides that substantial injustice will be caused by rejecting them; then
 - a The appellant is allowed to make further comment, but must do so within seven days (one week) of receiving a copy of the respondent's further comments.
 - b The respondent is allowed to make final comment, but must do so within seven days (one week) of receiving a copy of the appellant's further comments.
- 8 Unless circumstances otherwise dictate, the Association shall arrange for the appeal to be heard no later than 14 days (two weeks) after final submissions have been received by the appeal Committee.
- 9 Either party may nominate, in writing, a representative, who must be an Individual Member, to act on their behalf in any matter concerned with an appeal, provided

the Individual Member has not acted as arbitrator in the dispute. We will then communicate with them and no-one else.

- 10 All appeal material must be submitted to us by:
 - a the firms in dispute; or
 - b our Individual Members acting as appointed representatives.
- 11 We will not accept submissions directly from legal firms or independent lawyers.
- 12 The costs incurred by the parties of obtaining legal advice in connection with the claim presented to a Small Claims Technical Appeal Committee shall not be recoverable, even if claimed.
- 13 The Association will keep a PDF version of every Award and also produce two paper versions. The Arbitration Team will courier one (and E-mail a PDF copy) of these original versions to each party when the Award is released, whilst sending a PDF of the Award to each arbitrator upon publication. Further paper copies of the Award can be produced upon the written request of the parties to the Arbitration Team, prior to the publication date (one week's notice) for a fee.

Quality Arbitration

Commencing arbitration

Bylaw 329

If an application is required, it must be accepted by us before arbitration can commence. If that is done or if an application is not required, arbitration will commence when one firm tells the other in writing that it intends to go to arbitration and:

- 1 asks the other firm to agree to use a sole arbitrator and suggests the name of an arbitrator; or
- 2 names their arbitrator and asks the other firm to do the same.

Bylaw 330

- 1 If firms agree to Quality Arbitration under our Bylaws, our Individual Members can arbitrate and hear appeals. We will assist with the arbitral process. This applies to both registered and non-registered firms subject to the following:
 - a Non-registered firms must apply for arbitration. We can refuse to accept such applications. The applicant has a right of appeal to the Directors. Their decision is final.
 - b If a firm was not registered on the date of the contract giving rise to the dispute, an application fee may be due. Details are set out in Appendix C.

We will refuse arbitration facilities where:

- c The name of one of the parties appeared on the Association's List of Unfulfilled Awards Part 1 at the time that the contract under dispute was entered into.
 - d The claimant applies for arbitration referencing contract (s) that predate their placement on the Association's List of Unfulfilled Awards Part 1.
 - e Where the penalty of denial of arbitration services has been imposed on one of the parties pursuant to Bylaw 415.
 - f In the case of a Member Firm being suspended, that Member Firm would not be allowed to arbitrate on disputes where the contracts are dated during the suspension period. This includes related companies to that Member Firm.
 - g Contracts involving a Member Firm that has been suspended which predate the suspension date will be accepted for arbitration during the suspension period but at the non-members rate, for the suspended member.
- 2 If an application for arbitration is required under this Bylaw, no Individual Member can act as an arbitrator until informed that the application has been accepted and any fee due has been paid.

Appointment of arbitrators

Bylaw 331

1. Quality Arbitration will be conducted by two arbitrators unless the firms in dispute agree that one arbitrator is sufficient.
2. If two arbitrators are appointed and they cannot agree, an umpire will make a decision.
3. Quality Arbitrators and umpires must be Individual Members of our Association and ICA Bremen Quality Experts and have been approved by the Board of Directors.
4. If either firm can ask the President of the Association to appoint an arbitrator on its behalf.

Bylaw 332

- 1 If one firm commences arbitration in line with Bylaw 329 and asks the other firm to agree to a sole arbitrator, then within 14 days (two weeks) the other firm must:

either
 - a accept the name of the suggested arbitrator; or
 - b agree the name of another sole arbitrator;

- or
- c say that it does not agree to using a sole arbitrator;
 - d name its own arbitrator; and may
 - e object to the arbitrator named by the first firm.
- 2 If the second firm names its own arbitrator, the first firm must object to the nomination within seven days (one week) or it will be considered to have been accepted.
- 3 If the second firm does not respond, the arbitration cannot proceed with a sole arbitrator. Arbitrators must be appointed by or on behalf of both firms.

Bylaw 333

If one firm commences arbitration in line with Bylaw 329 but does not ask the other firm to agree to a sole arbitrator, the other firm must nominate its arbitrator in writing within 14 days (two weeks). Unless a reasoned objection is made in writing within seven days (one week), any arbitrator nominated by either firm will be considered to have been accepted by the other.

Bylaw 334

Once the arbitrator or arbitrators have been nominated and the periods allowed for objections have expired, and any objections dealt with, the arbitrator or arbitrators will be considered to have been appointed. Firms must then allow arbitrators to act independently in accordance with the law.

Bylaw 335

- 1 If one firm raises an objection to an arbitrator nominated by the other it must do so within seven days (one week) of notice being given of the relevant appointment. Any objection must be made in writing, accompanied by the reasons for objection. An objection to an appointment will only be valid if the President decides that substantial injustice could result.
- 2 If either firm:
- a fails to nominate an arbitrator within 14 days (two weeks) of being requested to do so, or
 - b fails to agree on a replacement arbitrator within 14 days (two weeks) of a substantiated and valid objection to a nomination,

the other firm can ask the President to make an appointment on behalf of the firm that has failed to nominate an arbitrator, or failed to agree on a replacement arbitrator within the time allowed.

- 3 The Association will give notice of the President's intention. If the firm in default does not nominate an arbitrator acceptable to the other firm within 14 days (two weeks) of that notice being given, the President may act.
- 4 Either firm can object to the Chair or any member of a Quality Appeal Committee, but must do so within seven days (one week) of notice being given of the relevant appointment. Any objection must be made in writing, accompanied by the reasons for objection. An objection to an appointment will only be valid if the President decides that substantial injustice could result.
- 5 If an objection is not acted on and not withdrawn, the President must be asked to decide whether it is valid.
- 6 If new evidence comes to light after the normal time limits for raising an objection have expired, an objection may still be raised. The President will decide whether it will be heard and whether it is valid.
- 7 If a firm disagrees with the President's intention or decision it can appeal to the Directors but it must do so within seven days (one week) of notice having been given. The Directors can use any of the powers given to the President at paragraph (3) and paragraph (4) above.
- 8 If the President should have a possible conflict of interest, he will not appoint arbitrators under these Bylaws. In that situation, the Vice-President or an acting President will have the same powers of appointment as the President.

Revoking the authority of an arbitrator, umpire or Quality Appeal Committee member

Bylaw 336

- 1 Once an arbitrator, umpire or Quality Appeal Committee member has been appointed, their authority cannot be revoked by either firm unless both firms agree.
- 2 If an arbitrator, umpire or appeal Committee member ceases to be a Member of the International Cotton Association, he cannot continue to act in whatever capacity he was appointed unless the Directors agree.
- 3 The President may revoke an appointment and appoint an alternative:

if substantial injustice will be caused by them not doing so; or

if requested to do so by either firm in the following circumstances:
 - a if they uphold an objection under Bylaw 335;
 - b if an appointed arbitrator dies, refuses or becomes unable to act;
 - c if a sole arbitrator does not make an award within 21 days (three weeks) of having been appointed or the arrival of the samples at the place of arbitration, whichever is the later;

- d if the two arbitrators do not make an award or appoint an umpire within 21 days (three weeks) of both having been appointed or the arrival of the samples at the place of arbitration, whichever is the later; or
 - e if the umpire does not make an award within seven days (one week) of the date of their appointment.
- 4 The Association will give notice of the President's intention. If a firm disagrees with the President, it can appeal to the Directors but it must give its reasons in writing within seven days (one week) of notice having been given. The Directors can use any of the powers given to the President.

Timetables

Bylaw 337

- 1 In manual quality and instrument test based arbitrations:
- Rule 223 stipulates the time limits for the notification of any claim and for the drawing of samples. Unless agreed otherwise, any party must notify the other of any quality claim in writing in accordance with Rule 223, prior to the commencement of arbitration.
- a arbitration must be commenced in line with Bylaw 329 within 42 days (six weeks) of the date of notification in writing of any claim; and
 - b samples must be sent to the place of arbitration and/or to the place of testing within 56 days (eight weeks) of the date of the notification in writing of any claim.
- 2 The Directors can extend these limits, but only if the firm concerned can show that substantial injustice would otherwise be done and that the request for an extension is reasonable in all the circumstances. Applications must be made to us in writing. The Directors will take the other firm's comments into account before it makes a decision.

The place of arbitration

Bylaw 338

- 1 Manual Quality Arbitrations can be held anywhere by agreement between the firms in dispute. If the firms cannot agree on the location for manual arbitration, such manual Quality Arbitrations will be held in our arbitration room.
- 2 In the event of an appeal on manual arbitration, the Directors will decide where the manual appeal will be heard.
- 3 We will stamp arbitration and appeal Awards and make them effective in Liverpool, without regard to where the arbitration or appeal takes place.

Procedures

Bylaw 339

- 1 Quality Arbitrations will be conducted on the basis of samples and decided by manual examination for grade and staple, unless both parties agree in writing to accept instrument testing.
- 2 Instrument testing arbitrations will be conducted on the basis of test reports. The information on the test reports will be final, provided the parties have followed the steps established under Rule 224 and Rule 232. The arbitrators may make an award if either of the parties fails to:
 - a agree on the allowances to be applied; or
 - b agree on the interpretation of the test report as applicable to the contract; or
 - c pay an agreed allowance within 14 days (two weeks) of the test report being issued; or
 - d agree on the place of testing.
- 3 Bylaws 346 and 347 do not apply for instrument testing arbitrations.
- 4 Either firm can appeal against an award given by the arbitrator, arbitrators or umpire in line with Bylaw 352, but no further instrument tests will be conducted.

Jurisdiction

Bylaw 340

Without prejudice to the provisions of the Act relating to jurisdiction, the arbitrators and umpire may rule on their own jurisdiction, that is, as to whether there is a valid arbitration agreement.

Bylaw 341

- 1 If one firm commences a quality or technical arbitration and the other firm disputes jurisdiction or the terms of the contract regarding quality, there will be a technical arbitration unless the firms agree otherwise. The technical Award will say:
 - a whether we have jurisdiction,
 - b what matters are subject to Quality Arbitration; and
 - c what contract terms apply with regard to quality.
- 2 A firm can challenge this Award by an appeal in the normal way.

- 3 A Quality Arbitration may then take place providing the technical arbitration or appeal finds that:
 - a there is a valid arbitration agreement; and
 - b our Bylaws apply.
- 4 If requested by either party, the Directors may in their absolute and unfettered discretion, authorise the commencement of a Quality Arbitration to be held concurrently with the technical arbitration.

Standards

Bylaw 342

- 1 When we refer to any of the 'Universal Standards' for quality, we mean the Universal Standards for colour and leaf grade, adopted under the Universal Cotton Standards Agreement existing between us and the United States Department of Agriculture.
- 2 The Association will hold a complete set of 'Universal Standards'. Individual Members can inspect them during our office hours. They may be used in settling arbitrations and appeals.
- 3 The Standards will be available for regular inspection by the Quality Appeal Panel. If they ever consider that any standard has changed, the Panel will take action.

Bylaw 343

- 1 'ICA Official Standards' are those that have been approved by the Directors and confirmed by the Association.
- 2 The Association will hold the standards. Individual Members can inspect them during our office hours. They may be used in settling arbitrations and appeals.
- 3 The Standards will be available for regular inspection by the Quality Appeal Panel. If they ever consider that any standard has changed, the Panel will take action.
- 4 The Directors will approve changes to the standards after considering comments of the Quality Appeal Panel. We will give each Registered Firm and Individual Member 14 days (two weeks) written notice of proposed changes. We will then confirm the changes. The new standards will come into effect the day after they have been confirmed. They will apply to contracts made on or after that date.
- 5 New standards for growths or grades of cotton will be used as soon as we have confirmed them.

Application of value differences to disputes

Bylaw 344

- 1 Unless Bylaw 348 or Bylaw 354 applies, or the firms in dispute agree otherwise, Quality Arbitration awards will be based on the differences in value fixed by the Value Differences Committee increased by the multiplier if applicable as stated in Rule 222. For contracts made before 1 October 2017 which was the effective date of the amendments relating to Micronaire and strength, the Micronaire and strength value differences will refer to the Rule Book (specifically Rules 234, 235 and 236) prevailing at the date of contract, unless the parties agree otherwise. For contracts made on or after 1 October 2017, the value differences fixed by the Value Differences Committee will apply.
 - a In the case of CIF and CFR contracts, the value difference that will apply will be the difference on the date of arrival of the cotton.
 - b In the case of FOB contracts, the value difference that will apply will be the difference on the date of the bill of lading or other document of title.
 - c In all other cases, the value difference that will apply will be the difference on the day the buyer receives title to the cotton.
- 2 Value differences take effect from the start of the day after they are published.
- 3 If differences are not fixed, Awards will be based on the differences in value in a market appropriate to the contract. The arbitrator or arbitrators, or umpire, or Quality Appeal Committee will decide the appropriate differences.
- 4 Where non-USA cotton is sold on the basis of Universal Standards (USDA grades) then ICA USA EMOT and Other Upland Value Differences shall apply for grade and staple. This shall not apply for growths that are already described in the ICA Value Differences Circular in terms of Universal Standards.
- 5 The above methods will be used to calculate an Award.

Bylaw 345

- 1 In Quality Arbitrations, Awards can be shown as cash amounts, or they may be shown as fractions of the appropriate currency for the weight specified in the contract.
- 2 In CIF and similar contracts, the Awards for grade and staple length will be shown separately. This does not apply to contracts for cotton linters or cotton waste.

‘Average grade’

Bylaw 346

- 1 Arbitration on cotton sold as average for any particular grade will be settled by classing the different lots. Grades or fractions of grades will be sorted into those

above and below the grade's standard. Whatever turns out to be average will be passed. An allowance will be made on the rest.

- 2 This will apply unless the buyer and the seller agree otherwise.

Classification

Bylaw 347

- 1 If a firm appeals against a Quality Arbitration Award and pays the extra set fee, the Quality Appeal Committee will issue a certificate showing the true classification breakdown for grade, colour or staple length.
- 2 American Upland Cotton
 - a The colour and leaf grade of American Upland cotton will be classified under the 'Universal Standards'.

American Pima Cotton

 - b The grade and colour of American Pima cotton will be classified under the official cotton standards of the USA.

In both cases, staple length will be classified under the terms of the United States Department of Agriculture standards.
- 3 Non-American Cotton
 - a In the case of a growth for which we have 'ICA Standards', grade will be classified by those standards. Staple length will be classified under the terms of the United States Department of Agriculture standards.
- 4 Anyone who wants cotton to be classified must ask at the same time as they apply for an appeal.
- 5 Classification will only refer to the bales sampled.

Cotton which is outside the normal quality range

Bylaw 348

- 1 In arbitrations and appeals on cotton which is outside the normal quality range of its relevant growth, the intrinsic value of the cotton will be established. That value will be taken into account in arriving at an Award. In cases where the value cannot be determined, arbitration will be based on the contract price.
- 2 In arbitrations and appeals on cotton waste, linters, pickings and so on, arbitration will be based on the known value. Arbitration will be based on the contract price if the actual value cannot be established.

- 3 The arbitrator or arbitrators, or umpire and an appointed Quality Appeal Committee can take advice or evidence from firms or individuals who are connected with the cotton trade and are experts in cotton waste, linters, pickings and so on.

Quality Arbitration Awards

Bylaw 349

- 1 An Award shall be made in writing on our official form, dated and signed by the arbitrator(s) or the umpire as applicable. The Chair or Deputy Chair and the Arbitration Team of the Quality Appeal Committee must sign an appeal Award.
- 2 A quality Award will not contain reasons for the Award.
- 3 Any Award shall state that the seat of the arbitration is in England and the date by which we must receive notice of appeal.
- 4 All Awards made under our Bylaws will be treated as having been made in England, regardless of where matters were decided, or where the Award was signed, despatched or delivered to the firms in dispute.
- 5 We will stamp every Award in our offices on the date of the Award and apply the scale of fees laid down in Appendix C1 of the Rule Book.
- 6 An Award will only become effective and binding when we stamp it.
- 7 After we stamp an Award, we will notify all of the parties concerned.
- 8 The Award will only be released upon payment of the stamping fee and any outstanding fees, costs and expenses.
- 9 The Association will keep a PDF version of every Award and also produce two paper versions. The Arbitration Team will courier one (and E-mail a PDF copy) of these original versions to each party when the Award is released, whilst sending a PDF of the Award to each arbitrator upon publication. Further paper copies of the Award can be produced upon the written request of the parties to the Arbitration Team, prior to the publication date (one week's notice) for a fee

Interest on Awards

Bylaw 350

The arbitrator(s), umpire or Quality Appeal Committee can award simple or compound interest from such dates and at such rates as they consider just.

Quality Appeals

Bylaw 351

- 1 If either firm disagrees with an arbitrator's or arbitrators', or umpire's Award, it can appeal within the period allowed in the Award. It must send Notice of Appeal to us in writing. The reasons for appeal must be given when the appeal is made. The Chair or Deputy Chair of the Quality Appeal Committee will then set the dates by which any further reasons or responses must be received.
- 2 We can demand an application fee set by the Directors. Details are laid down in Appendix C1 of the Rule book. We must receive these amounts within 14 days (two weeks) of the date of our invoice or the appeal will be dismissed.
- 3 This Bylaw does not apply to disputes over the costs of arbitration.
- 4 The appeal will be heard by a Quality Appeal Committee to be selected from the Quality Appeal Panel elected annually. The members of the Quality Appeal Panel will select a Chair and Deputy Chair. The Chair and Deputy Chair will select from the panel no less than two and no more than four of the members who are considered most qualified to judge the growth concerned to form a Quality Appeal Committee.
- 5 The Quality Appeal Committee will not hear an appeal before the end of the period allowed to appeal unless both firms agree, or both have appealed.
- 6 The Quality Appeal Committee can allow new evidence to be put forward covering all of the matters in dispute, unless the appeal refers to an instrument test arbitration, in which case the information contained in the last test report will be final.
- 7 The Quality Appeal Committee will decide the issues by a simple majority vote. Every member, including the Chair and Deputy Chair will have one vote. If both sides have the same number of votes, the Chair will vote again to decide the issue.
- 8 A Director cannot be involved in any decision about an appeal or be on an Quality Appeal Committee if he has acted as an arbitrator or umpire in the dispute, or substantial injustice could result.
- 9 An Individual Member cannot be on a Quality Appeal Committee if he has acted as an arbitrator or umpire in the dispute, or substantial injustice could result.

Bylaw 352

- 1 Before it refers to the decision of the arbitrators, a Quality Appeal Committee must conduct an assessment of the cotton, or, in the case of instrument testing, the test report, and form an opinion. But, before making its final decision, the Committee must refer to the arbitration Award.
- 2 If new arguments are offered to do with jurisdiction or the terms of the contract regarding quality, which have not been the subject of a technical arbitration or appeal, the Quality Appeal Committee will reach a decision and make an Award based on the evidence.

3 However, in appeals against Awards under Bylaw 349:

- a if either party presents a previous appeal Award, or arbitration Award if there has been no appeal, there must also be a letter with it guaranteeing that the lot which is the subject of the appeal to us is the lot, bale for bale, which the previous Award was for; and
- b the Committee can refer to the arbitration or appeal decision before giving its Award but will not be bound by them.
- c The Association will keep a PDF version of every Award and also produce two paper versions. The Arbitration Team will courier one (and E-mail a PDF copy) of these original versions to each party when the Award is released, whilst sending a PDF of the Award to each arbitrator upon publication. Further paper copies of the Award can be produced upon the written request of the parties to the Arbitration Team, prior to the publication date (one week's notice) for a fee.

Amicable settlements

Bylaw 353

- 1 If firms in dispute achieve a settlement prior to commencement of arbitration but require a record in the form of an Award, they may agree jointly on appointing a sole arbitrator to make an award recording the agreed settlement.
- 2 If firms settle their dispute after arbitration has commenced, they must inform us immediately. The sole arbitrator, Tribunal or Appeal Committee will then not make any Award unless they are asked to record the settlement in the form of an Award, and they agree to do so.
- 3 If the sole arbitrator, Tribunal or Appeal Committee makes an Award, it will have the same status and effect as any other award, except that the Parties forego the right of appeal in consideration that they agreed to be bound by the terms of the settlement agreement when requesting it to be converted to an Award. There is no right of appeal.
- 4 Any outstanding fees and expenses of the sole arbitrator, Tribunal or Appeal Committee, and any stamping charge set by us must be paid.
- 5 Where money has been deposited with us under Bylaw 358 (4) or Bylaw 312 (2) by way of deposit against any fees, costs or expenses in connection with or arising out of the arbitration or the appeal (as the case may be), the Tribunal or Appeal Committee shall determine what, if any, proportion shall be refunded. Such determination shall take account of the amount of work undertaken, and/or legal fees incurred by the Tribunal or Appeal Committee at the date they receive notice of the settlement.

Fees and Charges

Application fees for arbitrations

Bylaw 354

- 1 The application fees set by the Directors for arbitrations are laid down in Appendix C1 of the Rule Book. Any changes to Appendix C1 take effect when the Directors decision on the fee is made and posted on the ICA website, without the need to refer the amendment(s) to an Extraordinary or other General Meeting of the Association for confirmation of the change(s) concerned.
- 2 A dispute may cover more than one contract, but a firm will have to pay us a separate application fee for each arbitration.
- 3 The amount in application fees, costs, deposits etc, we charge will be based upon the amount (s) set out in the Bylaws and Appendix C1 in the Rulebook current at the date the application was received for arbitration, not the year of the contract (s) concerned or any other version of 'Appendix C1'.

Application fees for appeals

Bylaw 355

- 1 The application fees set by the Directors for appeals are laid down in Appendix C1 of the Rule Book.
- 2 If they think it is appropriate, the Directors can reduce the amount of the application fee, or refund all or part of it.
- 3 The amount in Appeal application fees, costs, deposits awarded in the arbitration etc, we charge will be the amount (s) set out in the bylaws and Appendix C1 (or award) in the Rulebook current at the date the application was received for arbitration, not the year of the contract(s) concerned or any other version of Appendix C1 or Bylaws.

Other Fees and Charges - Technical

Bylaw 356

- 1 Arbitrators, Technical Appeal Committee members and Independents who supply their services to the ICA, shall be entitled to charge fees which shall be fixed by reference to the total amount of time reasonably devoted by each arbitrator/Technical Appeal Committee member to the arbitration/appeal and shall be in accordance with the following scale or such scale as shall be determined by us from time to time:
 - a An hourly rate shall be charged up to a maximum allowed in the hourly rate stated in Appendix C1.
 - b Fractions of an hour after the first hour shall be charged pro rata.
 - c A minimum fee of £100 shall be payable to each arbitrator.

d An additional fee of £250 per arbitration will be payable to the Chair

The amount in application fees, costs, deposits, etc. we charge will be based upon the amount(s) set out in the Bylaws and Appendix 'C1' in the Rulebook current at the date the application was received for arbitration, not the year of the contract(s) concerned or any other version of Appendix 'C1'.

- 3 Where the Tribunal or Technical Appeal Committee find it necessary to obtain legal advice on any matter arising from an arbitration or appeal, reasonable legal fees thereby incurred will be payable as directed in the Award.

Failure by any party to pay any such sums shall entitle the Tribunal to suspend or discontinue the arbitration proceedings until such sums are paid.
- 5 When an Award is presented for stamping in accordance with Bylaw 309 each arbitrator or Technical Appeal Committee member shall invoice us for all fees, clearly stating their applicable hourly rate. Arbitrators are required to submit a time sheet in a format approved by the Directors.
- 6 The only expenses an arbitrator or Technical Appeal Committee member shall be entitled to claim are courier fees or printing costs, up to a maximum of £80 per courier / print, unless substantiated with a receipt. - 7 The payment of fees and expenses to arbitrators and Technical Appeal Committee members is conditional upon the Association's receipt of the time sheet.
- 8 Subject to the foregoing, arbitrators and Technical Appeal Committee members shall be entitled to prompt payment of fees and expenses following release of the Award. If, following a review under Bylaw 357 the Directors determine that any fees or expenses are unreasonable, the arbitrators and Technical Appeal Committee members shall act in accordance with the decision of the Directors.
- 9 A Tribunal or Technical Appeal Committee may issue an order to make an interim payment on account of the arbitrators' costs from the funds contributed by the parties and held by the ICA. Such payment may be ordered using the current criteria agreed by the Directors.

Bylaw 357

- 1 If, once an award is released, a firm or the Arbitration Team considers that the fees and expenses charged are unreasonable, it can ask the Directors to review the amounts, giving its reasons for the request in writing. The Directors will decide how much is to be paid.

- 2 We must receive notice of a request under this Bylaw within 14 days (two weeks) of the award being released.
- 3 The decision of the directions will be final.

Bylaw 358

- 1 The general principle is that costs follow the event, but subject to the overriding discretion of the Tribunal and Technical Appeal Committee as to which party will bear what proportion of the costs of the arbitration. The costs incurred by the parties of obtaining legal advice or technical consultant assistance in connection with the claim(s) presented to a Tribunal or Technical Appeal Committee shall not be recoverable, even if claimed.
- 2 In the exercise of that discretion the Tribunal shall have regard to all the material circumstances, including such of the following as may be relevant:
 - a Which of the issues raised in the arbitration has led to the incurring of substantial costs and which party succeeded in respect of such issues.
 - b Whether any claim which partially succeeded was unreasonably exaggerated.
 - c The conduct of the party which succeeded on any claim and any concession made by the other party.

- 2 The arbitrator whose Award/findings vary the most from that of the umpire will be liable to pay the umpire fees from their fee. If there is equal disagreement, each arbitrator will pay half. In a Quality Appeal, the Quality Appeal Committee will decide which arbitrator has to pay the umpire.

Bylaw 361

- 1 If, once an Award is released, a firm considers that the fees and expenses charged by the arbitrator or arbitrators, umpire or Quality Appeal Committee are unreasonable then it can ask the Directors to review the amounts. The Directors will decide how much is to be paid.
- 2 We must receive notice of a request under this Bylaw within 14 days (two weeks) of notice of fees and expenses being given or the Award being released, whichever is the earlier.
- 3 **The decision of the directors will be final.**

Stamping charges

Bylaw 362

- 1 The stamping charges are laid down in Appendix C1 of the Rule Book. The rate to be paid will be in line with the firm's registration status on the date of the contract giving rise to the dispute. - 1 If the Association receives written advice from a party to an Award, ('the Reporting Party') or from their representative that an Award has not been complied with by the other party to the Award ("the alleged defaulter"), the Directors are to be informed.
- 2 Before acting on such advice, the Arbitration Team shall write to the alleged defaulter notifying them of the Directors' intention to list their name unless, within a period of 14 days (two weeks), the alleged defaulter provides them with compelling reasons not to do so. The Directors shall consider any reasons submitted by the alleged defaulter before deciding whether or not the information received from the Reporting Party should be circulated.
- 3 The Directors may pass on the name of the defaulting party to Individual Members, Member Firms, Member Associations of the Committee for International Co-operation between Cotton Associations ('CICCA') or any other organisation or person by any method it chooses, including the listing of the name of the defaulter and appropriate details in the publicly accessible area of the Association's website.
- 4 If the Directors so decide, this information and any other appropriate information will be circulated on a list of unfulfilled Awards, to be known as the 'ICA List of Unfulfilled Awards: Part 1'.
- 5 If the Association receives written advice that a party has made an application to the English High Court for leave to appeal an Award, the Directors may, at the request of the Reporting Party, circulate a notice to Individual Members and Member Firms, and Member Associations of CICCA advising the name of the party and that an award remains unfulfilled pending the outcome of the High Court judgement. When requested, the party shall be obliged to demonstrate to the satisfaction of the Directors that the action is progressing to a conclusion, failing which the Directors may add the party's name to the List of Unfulfilled Awards: Part 1 until the outcome of the High Court appeal is announced or the award is settled to the satisfaction of the Reporting Party.

- 7
- a The Arbitration Team will write to the defaulter and other parties (who are related to defaulter names on 'ICA List of Unfulfilled Awards: Part 1') that it proposes to name in the ICA List of Unfulfilled Awards: Part 2, informing them of the proposed addition of a related party name to of the latter List and asking them to provide evidence to rebut the contents of the same within 14 days (two weeks).
 - b The Directors will consider any comments or evidence received and will decide whether or not a related party should be added to the ICA List of Unfulfilled Awards: Part 2. In so doing, they will have obtained and considered evidence showing a 'close relationship' and / or 'Common Controlling Mind', between that party and the defaulter named on 'ICA List of Unfulfilled Awards: Part 1', in question. This decision will be communicated to the related party that is to be listed and the ICA membership.
 - c Having been informed of the decision of the Directors to list on the ICA List of Unfulfilled Awards: Part 2, the alleged related party has a right of appeal within 14 days to the ICA. The Directors will consider any additional evidence and decide to delist or not.
- 8 The Reporting party has responsibility for the accuracy of the information supplied directly to the ICA under this Bylaw and shall indemnify and hold harmless the Association and its Directors from and against all liabilities, damages, costs and expenses incurred by them or either of them by reason of any inaccuracy in such information. - 12 If a seller receives a quality claim or a weight claim from a buyer who has shipped the cotton to a company on the LOUA1 or 2, the seller is under no obligation to settle the claim with the buyer.

Membership of the ICA is a public statement of your commitment to sustainable and responsible relationships based on mutual respect between counterparties across the cotton value chain. Our mission is to protect the legitimate interests of all those involved in the cotton trade. We achieve this by:

- Promoting a universal understanding of our principles and values
- Pursuing equitable trading practices through our Bylaws & Rules
- Providing an impartial and effective dispute resolution service

Our reputation is built on integrity, reliability, impartiality, international recognition, and accreditation. Our long-term vision is to ensure contract sanctity in the global trade of cotton.

ICA Members are asked to commit to the following:

1. To promote sustainable and responsible relationships across the cotton value chain. The ICA encourages collaboration and understanding between all commercial partners.
2. To engage in fair trade practices, and act in accordance with the ICA Bylaws and Rules for the long-term benefit of the industry.
3. To promote the sanctity of contract and reinforce the key ICA trading principle that contracts cannot be cancelled but must be invoiced back, and each party returned to the position as if the contract had been fulfilled.
4. To refrain from conducting business or provide services to any counterparty that is listed on either the List of Unfulfilled Awards Part 1 or 2 or any company expelled from membership.
5. To demonstrate a spirit of cooperation, compassion and courtesy towards all counterparties.
6. To act with a high sense of integrity, responsibility, and respect for all colleagues and business partners, regardless of their race, sex, gender identification, sexual orientation, nationality, religion, age or disability.

In the spirit of this code of conduct, Members are encouraged to pass information related to safe trading to the ICA Management team. Any reports will be kept strictly private and confidential.

Appendix C3: Arbitrators Code of Conduct

This Code of Conduct embodies principles and best practice and natural justice deems necessary by the Board of Directors to maintain existing standards and public confidence in the ICA as an arbitral authority. Not all of the points listed below will cover every aspect of an Arbitrator's ethical and professional conduct. Arbitrators are therefore expected to observe the spirit of the principles outlined below. Reference to the masculine is also intended to the feminine.

Impartiality

	The Arbitrator's duty to remain impartial is a continuing one throughout the arbitration process. Should they find themselves in a position whereby they are aware that they cannot remain impartial, they must immediately withdraw themselves from the arbitration process.
	An Arbitrator is under a duty to disclose to the Arbitration Team or Managing Director and to the parties any interest and / or relationship which may result in a conflict of interest as soon as possible.
	An Arbitrator must not accept an appointment to act as Arbitrator if they are aware that by doing so they place themselves in a conflict of interest. No arbitrator or probationary arbitrator can accept an appointment whilst they or the company through which they are a member of the ICA is/are subject of a disciplinary committee investigation, until that Disciplinary Committee has reached a final decision. If the arbitrator or probationary arbitrator accepts such an appointment, the President can remove them from the arbitration concerned.
	Arbitrators must not act as advisers to the parties to an arbitration whilst the proceedings are on-going or afterwards, concerning the analysis of a particular case. They must not act as advocates for the parties who have appointed them; they may not provide procedural advice.
	Arbitrators must avoid private dialogue with a party to an arbitration, and must not discuss issues arising in an arbitration with a party prior to, during or at any time after the conclusion of the arbitration. Arbitrators must ensure that any communications with the parties are conducted (where possible) via the Arbitration Team, and always copied in writing to the other party to the dispute for transparency's sake.
	An Arbitrator must not allow external pressure, personal interests or relationships (past or present) with any third parties or fear of criticism to influence their conduct or judgement in dealing with the dispute.
	A conflict of interest e-mail sent by the Arbitration Team must be answered by the arbitrator concerned, within 14 days of them being e-mailed. Arbitrators must consider if they have a conflict of interest by taking into account English law, the Arbitrators Code of Conduct and the content of the conflict of interest e-mail sent by the arbitration team to arbitrators stating they have:-
	No current employment (or any previous employment in last three years).
	Not acted as a consultant over the past two years in arbitration or other cotton related matters.
	No investments in, or other forms of business partnership / beneficial interest e.g. You are not a non-executive director with one of the parties.
	Not advised or acted for the abovementioned parties in any way, in the past two years, excluding acting as an arbitrator.
	Arbitrators shall treat fellow arbitrators and others with respect.

Cooperation

In order to operate effectively, ensure that standards are met and maintain public confidence in the ICA and arbitrations carried out by arbitrators, it is necessary for the ICA to establish and follow procedures for the following purposes:	
	The administration and management of ICA membership;
	The administration and management of arbitrations;
	The monitoring of compliance with the ICA’s Articles of Association, Rules and Bylaws, this Code and the law;
	The maintenance of the ICA List of Unfulfilled Awards; and
	The investigation and determination of any complaint or allegation made against an Arbitrator or any other Member of Member Firm by any person.
Arbitrators must co-operate fully with such processes (as established from time to time, whether under the Articles of Association, Rules and Bylaws or this Code or otherwise). In particular, Arbitrators must respond promptly, fully and honestly to any inquiries made by the Directors, the Arbitration Team, the Monitoring Team, the Disciplinary Committee for the purposes listed above.	

Confidentiality

	For the avoidance of doubt, an Arbitrator’s duty of confidence does not prevent an Arbitrator from providing information to and cooperating with Directors, the Arbitration Team, the Monitoring Team and the Disciplinary Committee as necessary for the purposes set out under “Cooperation” above.
	Arbitration is a private and confidential process, selected by the parties to dispute to resolve the issues between them.
	An Arbitrator is under a duty to keep all facts, information, correspondence, and documents disclosed to them during the course of an arbitration confidential at all times.
	An Arbitrator shall not use such confidential information outside of the arbitration process for their personal advantage or for purposes other than the performance of their duties as an Arbitrator.
	The Arbitrator’s duty of confidentiality continues after the arbitration has concluded, until and unless both parties to the arbitration agree to waive the confidentiality; or the details of the case are lawfully placed in the public domain.
	An unlawful or unauthorised leak of information regarding the case by another Arbitrator or third party will not be justification or licence for an Arbitrator also disclosing details of the case. Such conduct may result in personal liability for the Arbitrator concerned.
	An arbitrator is under an obligation to relate to the Arbitration Team any concerns they have that the duty of confidentiality has been breached, at any time.
	The Arbitration Team reminds arbitrators that one month after the date of publication of an award they should have deleted information held on paper or on their computer etc on the case they have just handled. If they want to retain information, precedents etc, and have a valid reason under the GDPR for doing so, they can do so.

Conduct of the Arbitration

	Arbitrators must ensure that they follow the procedures set out in the ICA Bylaws and Rules, and the relevant provisions of the Arbitration Act 1996 when conducting any arbitration and only use ICA approved time sheets, invoices and other forms, when designated for the use of arbitrators by the ICA.
	Arbitrators shall maintain an up to date copy of the ICA Bylaws and Rules at all times.
	Arbitrators must read and consider all of the evidence before them.
	An arbitrator must only accept an appointment to act as Arbitrator if he has sufficient time to allow the arbitration to be conducted in a competent and timely manner. In order to avoid the perception of bias or justifiable doubts as to impartiality in any calendar year an arbitrator may only accept up to and including 3 appointments to act as arbitrator for the same party or related party whether such appointments are made by the party (or related party) itself or by the President in default of a party appointment. An arbitrator should not be able to have more than 8 active first tier cases open at any one time. These limits (this criteria) will be reviewed regularly (at least annually) by the Arbitration Strategy Committee (ASC) taking into account the recent numbers of applications for arbitration. Any changes will be recommended to the Directors. Those appointments from a party or related party, where the arbitration has been withdrawn / discontinued, without the publication of an Award, do not count against the '3 or 8 rule'.
	An Arbitrator must ensure that any fees charged in the course of an arbitration are reasonable, having regard to all of the circumstances of the case and the hours charged are or work done in the intellectual pursuit of the matter.
	Once the fees have been agreed by the Tribunal/TAC time-sheets and invoices shall be submitted to the Chair prior to the signature sheets being signed. The Chair shall immediately review them and submit them to the ICA Secretariat prior to an award being published.
	An arbitrator will (should external legal advice be required during an arbitration an arbitrator will) seek advice on English law from the ICA's English legal panel, when working on ICA arbitrations.
	The Board of Directors will approve changes to this Code of Conduct.
	At least one week prior to the publication of an Award the Tribunal must inform the Secretariat of the date of publication and time sheets, invoices plus Award to be submitted.
	Arbitrators will adopt ASC recommended 'Best Practice' in their arbitration work.
